To HIS EXCELL^{CY}: S^{R}: JOHN GAYER K^{T}: CAP^{T}:
GEN^{LL}: & CHEIF DIRECTOR OF ALL FORCES & AFFAIRS
IN INDIA FOR Y^{E}: R^{T}: HON^{BLE}: ENGLISH EAST INDIA COMPANY.

May it Please your Excell^{cy}:

On y^{e}: 3^{d}: & 4th: Instant Ships Royall James & Mary, Princess Ann of Den- N^{o}: 6.
mark & Armenian Merch^{t}: arrived here, & brought us your Gen^{ll}: Letter directed to y^{e}: Late Commissary Gen^{ll}: & Councill which adviseth of y^{e}: Hawk's parting from y^{e}: fleet 6 or 7 months agoe since w^{ch}: she has not been seen.

These shipps have brought us a Gen^{ll}: Letter & duplicate from y^{e}: R^{t}: Hon^{ble}: Comp^{a}: dated y^{e}: 10th: April 1693. One whereof Comes herewith as also y^{e}: copy of our answer thereunto Intended by y^{e}: shipp Samuell dated y^{e}: 17th: Instant together with a Copy of our last Gen^{ll}: to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: dated 19th: Jan^{ry}: last w^{ch}: wee pray your Excell^{cy}: to remitt them to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: if any Conveyance offer.

Wee have rec^{d}: no advice from Bengall since their Gen^{ll}: L^{re}: dated y^{e}: [*lacuna in original*] when they were in expectation of speedy dispatching y^{e}: ship Charles y^{e}: Second & Sampson directly for England, but wee dont yet hear of their departure w^{ch}: wee daily Expect as soon as y^{e}: wind & Currant will ꝑmitt w^{ch}: Contrary to y^{e}: season has above 20: days past set so strong to y^{e}: Northward all along this Coast, if wee shall receive any farther advices from Bengall before this Pattamar goes wee shall remitt it to your Excell^{cy}: in y^{e}: mean time wee pray your Excell^{cy}: to Consider of what wee have wrote to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: in y^{e}: 12: Paragraph of our Gen^{ll}: Letter dated y^{e}: 17th: Instant Relating to Succession in y^{e}: Agency of Bengall.

Herewith Comes Copy of our Gen^{ll}: Lre to y^{e}: Late Commissary Generall in Bengall w^{ch}: gives your Excellency an abstract of y^{e}: advices Rec^{d}: from York Fort by Ship Madapollum & a Copy of a Narrative dd: in by M^{r}: Hamond Gibbon late Cheif of Indapoore, w^{ch}: gives an Acco^{t}: of y^{e}: Occasion & Manner of their leaving y^{t}: factory by w^{ch}: your Excell^{cy}: will understand y^{e}: present necessity of sending a recruite of men money & stores to Bencoolen w^{ch}: intend Suddainly to dispatch to them by Ship Madapollum & then after One of y[e]: four Europe Ships to be filled up wth: Pepper for England but as to y^{e}: regaining & Setling of y^{e}: Factory of Indapoore it is a difficult question for us to resolve whether it be advisable for u[s] to undertake it & whenever it is undertaken it must be done by able men & it will require a Considerable charge wee therefore desire yo[r]: Excell$^{cy's}$: directions in it as is mentioned in y^{e}: 19th: Paragraph of our Gen^{ll}: to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: by y^{e}: forementioned Copy of our Gen^{ll}: to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: dated 19th: past, Your Excell^{cy}: will understand y^{e}: State of our stock & what requisite for this & other subordinate factory's & how far y^{e}: Stock appointed to us by y^{e}: R^{t}: Hon^{ble}: Comp^{a}: out of y^{e}:

cargoes of these ships falls shor[t] thereof, & that wee are under y^e^: Necessity of Applying Some part of y^e^: Stock appointed for Bengall to y^e^: Support & Imployment of other subordinate factorys or else must lett some of them fall & y^e^: rest lye still till a new supply Comes upon a dead Charge, & it is also to be Considered that y^e^: Stock appointed for Beng^ll^: is not Sufficient to lade those 3 Ships from thence w^ch^: Amo^ts^: to 1800 Tunn & if a Considerable part of y^e^: Tunage be not Supplyed w^th^: the groser goods of y^e^: Coast & y^e^: pepper of y^e^: west Coast Some of them must go home dead freighted.

That w^ch^: wee shall take ashore here out of y^e^: Royall James & Mary, for y^e^: use of this Coast will be Dollars & Ingotts & if y^or^: Excell^cy^: do not approve of our detaining it, wee will upon your Excell^cy's^: orders do our utmost endeavours for Remitting it (or so much as wee can) to Beng^ll^: by Country Ships, in Rup^s^: w^ch^: will be more Convenient for their Use, then Ingotts or Dollars, & by that meanes they may Receive y^e^: Rupees as soon as they can Receive y^e^: Product of Silver Coined at y^e^: Mint of Rajamaul.

Herew^th^: wee send Copy of our Consultation dated y^e^: 13^th^: Ins^t^: giving y^e^: reasons & manner of our disposall of this years Shipping, & Stock Concerning w^ch^: wee humbly pray yo^r^: Exc^y^: to give us your Sentim^ts^: & directions Speedily wherew^th^: wee shall Comply so far as can be.

20^TH^: FEB^RY^: 169¾.

On y^e^: 15^th^: June Arrived y^e^: Ship Sampson contrary to their former advices & our expectations wanting as the Commander Sayes 700 or 800 bales to fill her up his Charterparty time was out y^e^: 20: Jan^ry^: last & y^e^: Season of y^e^: year will not admitt of his long Stay here, he gives us but 5 days time to dispatch him in, wee have dispatch't y^e^: Samuell laden with Coast bales, & wee cannot gett above 400 bales ready in So Short a time, but Shall be forced to fill her up with Red wood.

The Sampson brought us a Beng^ll^: Gen^ll^: Letter to y^e^: R^t^: Hon^ble^: Comp^a^: & to Fort S^t^: George dated y^e^: 13^th^: Jan^ry^: Copy whereof goes herewith: Tomorrow wee hope to dispatch y^e^: Princess to Beng^ll^: Calling att Vizagapatam to deliver Some goods, money & factors there.

The Gen^ll^: Stop on trade Continues So that whatever business is or will be done till it be taken off is by y^e^: Connivance of y^e^: under Gov^r^: & their Officers w^ch^: must be brought [*sic*] on every Occasion. The present Agent M^r^: Ellis dangerously ill, & his life doubtfull M^r^: Eyres was not come from Decca to take charge of affairs thô: daily expected, till when Cap^t^: Dorrill tarry'd att Chuttanutte, tell y^e^: Commissary Gen^lls^: orders past in execution w^ch^: appointed M^r^: Eyres Agent & y^e^: Charles the Second being in Ballasore road full & richly laden.

As soon as y^e^: Sampson is dispatched for Europe wee Shall Send another Pattamar to yo^r^: Ex^cy^: in y^e^: mean time remaine,

Wee hope y^{e}: Hawk may be arrived wth: you in Beng^{ll}: The late Arrivall of these two Ships Viz^{t}: after y^{e}: time w^{ch}: was designed by y^{e}: R^{t}: Hon^{ble}: Comp^{a}: for their dispatch from India hath alter'd their disposall wee have therefore traversed 14 Chests of Silver from y^{e}: Royall James & Mary to y^{e}: Princess Anne of Denmark whose Bengall Cargoe wee have Continued entire & Send her to you wth: this large Stock y^{t}: y^{o}: may begin early with s^{d}: Investments & have time to provide for their Lading & dispatch of these Ships as follows.

As soon as the Princess shall be unladen lade aboard her 4 or 5,000 baggs of Saltpetre but Secure enough for y^{e}: kentilage of y^{e}: Royall James & Mary & y^{e}: Hawk with 3 or 400 bales or as many as you can Spare from y^{e}: other Ships & Send her hither filled up with provisions &c^{a}: in y^{e}: latter end of August or so soon as y^{e}: Monsoon will ℔ mitt wee designe to fill her up here & dispatch her in October for England.

The Royall James & Mary wee intend to dispatch from hence to y^{e}: West Coast & from thence to proceed in y^{e}: latter end of June for Beng^{ll}: wth: w^{t}: Pepper Shall be there ready by y^{t}: time & wee shall leave her & y^{e}: Hawk to be dispatch'd by yo^{r}: Selves from Bengall directly for England as soon as you can.

The pepper w^{ch}: y^{o}: Shall receive from the West Coast let it be divided among y^{e}: 3 Shipps proportionably.

Wee have laden on y^{e}: Princess Anne of Denmark & Royall James & Mary 60 Tunn of Redwood each; which will be enough for their Charter party proportion & for y^{e}: Hawk also y^{e}: overplus may be laden on either of them if y^{e}: Commd^{r}: desires it att 15^{ll} a Tunn or Reserved for another Occasion.

Wee have hopes of Sending y^{e}: Armenian Mercht: on a voyage to China & on her Return in Jan^{ry}: next do intend to lade her from hence to England.

Having thus given y^{o}: y^{e}: prospect of the disposall of y^{e}: Ships Consider & Calculate how far & in w^{t}: manner you shall be able to Comply therewith & when y^{o}: have well Consider'd it give us an Acco^{t}: by pattamarrs y^{t}: wee may know what to depend on.

In yo^{r}: Gen^{ll}: Lre. to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: dat: 13th: Jan^{ry}: you write that you intended to dispatch y^{e}: Sampson in August but orders from y^{e}: Fort for lading ℔ missive goods on y^{e}: Charles y^{e}: Second prevented it. Wee desire y^{o}: to explain your meaning not being Sensible of any Such orders that went from hence unless y^{o}: mean y^{e}: private orders of Merch^{ts}: Concerned in y^{e}: ℔ missive goods.

Wee hope y^{o}: have Secured a Sufficient quantity of Saltpetre & desire you to buy as much more if you can.

Wee desire y^{o}: to explain what y^{o}: mean by y^{e}: four Armenians Merch^{ts}: Passengers on Charles y^{e}: Second paying 5 ℔ C^{t}: permission. If y^{e}: Dutch make warr with y^{e}: Moores it is not Consistent with y^{e}: Articles of peace between y^{e}: two nations that they should any way Impeed or Stop our trade or Ships & wee may reasonably expect and insist upon it that they observe y^{e}: said Articles as Strictly with us as wee did with them in y^{e}: same case.

As to y^{e}: Interlopers y^{e}: R^{t}: Hon^{ble}: Comp^{a}: have given you their directions in their Gen^{ll}: Lres, whereunto wee need not add only if y^{o}: find any of y^{e}: R^{t}: Hon^{ble}: Company's Servants to deal or have any correspondance wth: them to y^{e}: Prejudice of their Masters interest keep Such persons in Some Constant Imploy within y^{e}: Factory which is y^{e}: place of their abroad & when y^{o}: have an Opportunity Send them to us. Reports give us Occasion to Suspect M^{r}: Hill & M^{r}: Crook wee expect y^{e}: former to repair to Fort S^{t}: George according to y^{e}: Comissary's generall orders wee fear y^{e}: Latter has his head fill'd wth: wrong Notions of Jemmedar Ships &c^{a}: w^{ch}: will one time or other give y^{o}: trouble with y^{e}: Governm^{t}: Such a man is not fitt to live among y^{o}:

Wee perceive y^{o}: are still of Opinion y^{t}: y^{e}: Mogull has taken off y^{e}: Stop on trade but y^{e}: orders are Stopt in y^{e}: hands of y^{e}: Court Officers for want of Passhes [*sic*] wee have imployed some friends to make enquiry in y^{e}: Mogull's Court how that matter Stands & have Some time expected an account of it wee are sensible y^{t}: till that order be Reversed y^{o}: not only depend on y^{e}: Nabob & Duans favour but must be obliged to y^{e}: under Officers also for their Connivance & it cannot be expected that y^{o}: will be able to Carry on yo^{r}: business & obstruct y^{e}: Interlopers without passhes you are also under another Considerable difficulty y^{t}: y^{e}: Interlopers vie with y^{o}: in y^{e}: buying of goods & will outbid y^{e}: Company's usuall prices so that y^{o}: must either give dearer for goods or go without them in which case tis Our Opinion y^{t}: you buy rather than want goods or lett y^{e}: Interlopers Run away with y^{m}: & is agreeable to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: orders in their Gen^{ll}: Lre. to you wherein they do not limitt y^{o}: to price, or sorts of goods, These matters being left to you[r] descrection and fidelity.

The Commissary Gen^{ll}: having ordered y^{e}: withdrawing of y^{e}: upper factory's wee cannott reverse it but must await y^{e}: Gen^{ll}: order from Surratt being a matter of great Importance besides it seems more advisable till y^{e}: Mogull shall reverse y^{e}: Stop on trade & till a judgment Can be made of y^{o}: Consequence of y^{e}: Dutch proceedings for w^{ch}: reason it is also better to forbear building a new factory at least till y^{o}: can obtain y^{e}: Nabobs perwanna for it.

The R^{t}: Hon^{ble}: Comp^{a}: in their 19 paragraph of their Gen^{ll}: Letter to y^{o}: do very earnestly Recommend y^{e}: employing of Muttradas & much depond on him for defeating y^{e}: Interlopers but contrary to their expectation he is fallen in wth: M^{r}: Pitt &c^{a}: & by report has contracted for y^{e}: greatest part of his Cargoe, their Honours give y^{o}: a very large latitude in treating with him & if you prosecute it accordingly wee hope it will prove effectuall & y^{e}: rather because Padre Evans is gone.

Had there been any probability of dispatching one of y^{e}: 2: great Ships with Saltpetre &c^{a}: to y^{e}: west Coast before y^{e}: Coming in of y^{e}: Southerly Monsoone wee would have Sent y^{e}: Royall James & Mary along with y^{e}: Princess but wee are Informed you have but one Small Bayer fitt for Service, & therefore could not Send y^{e}: Saltpetre &c^{a}: to lade her in Ballasore road & if she goes up y^{e}: river to lade att Chuttanutta She cannott come down & So both y^{e}: great Ships would have been idle, for half a year together in Bengall & therefore wee have Sent y^{e}: Royall James & Mary first to y^{e}: West Coast; With this Ship comes M^{r}: Marshal M^{r}: Cormell & M^{r}: Hearn factors y^{e}: R^{t}: Hon^{ble}: Comp^{a}: in y^{e}: 12th: paragraph of their Letter do make mention of M^{r}: Cormell by w^{ch}: it does appear that notwithstanding his factors Indentures he Commences Merch^{t}: from y^{e}: time of his arrival in India.

Wee appoint M^{r}: Roger Bradley & M^{r}: Edw: Cormell of Coun^{ll}: in Beng^{ll}: & So to Continue till order from his Exc^{y}: y^{e}: Gen^{ll}: of India S^{r}: John Gayer (who wee hope is now att Surratt) or from our selves to y^{e}: Contrary, M^{r}: Bradley to take place next to M^{r}: Beard & M^{r}: Cormell as last of Councill.

By this Ship wee Send y^{o}: Francis Cooke a Serjeant for those few Soldiers you have, who want no Commission Officer.

Herewth: goes y^{e}: R^{t}: Hon^{ble}: Comp^{a}: Pacquett to you & y^{e}: Duplicate of what Necessary's Shall be Sent you by y^{e}: next Opportunity.

FORT ST: GEORGE
12TH: MARCH 93-4.

To SAMLL: WILLSON ESQR:
GOVR: &CA: COUNLL: ATT YORK FORT.

1. Wee have Recd: your L~e by ye: Madapollum dated ye: 11th: Sept: last with No: 21. ye: Severall Books & Papers According to List & your Lettr: of no date by Ship Northampton ye: former gives us an Acct: of ye: designe ye: undertooke for ye: Recovering of Indapore and your disappointment by ye: Buggesses refusing to Proceed from Priamong upon that Service. That factory has been So Chargeable to ye: Rt: Honble: Compa: that all ye: Pepper that has been bought there will not pay a tenth part of the Charges & it is in vain to throw away more money upon Attempt of Regaining it unless it be undertaken with an assurance of Success in a Settlemt: upon better terms & a management to better purpose for ye: future which is under Consideration in ye: mean time lett us Secure what wee have.

2. Att ye: departure of ye: Northampton you had in Cash 5,439 Dollars & drew bill upon us for above 7,000 Dollars, by ye: Madapollum you had before drawn bills on us for 6,498: Dollars payable to Capt: Howell & wee Sent you ye: last year 20,000 Dollars by ye: Madapollum besides Stores. Wee dont find by ye: Cash yt: there was above 2,267 Dollars paid for Pepper ye: rest all goes in Charges wch: makes yor: Pepper come out very dear, & will be dearer by ye: increase of ye: Charge of ye: Slaves unless you find some way to employ them profittably wch: is a matter of great Concernmt: & ought to be your particular Study till you have reduced them into some order of daily labour for the Support of their Charges.

3. Wee send you by ye: Madapollum Stores of all Sorts & you write for more but give us no Acct: of their expences nor of their private charges. Lett copies thereof be remitted to us, Your Storekeepers List of Stores wanting Seems to be Calculated att random without Consulting ye: Accots: & books as if he did not take much care either in ye: keeping or Expending them he writes for all Sorts of Carpenters Joyners & Coopers tools they being all Spoilt. Wee Sent you in March last all sorts & if in half a year they were Spoilt it is in vain to Send more, Wee send you: 10: barrells of Powder English & 10 Candy powder Country 300: LL English match. If these be all spent already you have had Some extraordinary Occasion. Wee have not Spent in Fort St: George above ½ so much English powder ⅓ So much English match, & but litle more country Powder, However wee Send you a farther Supply & desire to have an Acct: of ye: Expence.

4. In ye: 9th Paragraph you say that Some of 222 Coffreys are employed as directed but wee hear not ye: tenth part but they are fed wholly out of yor: Stores & Buzzarr which is so great an Omission in Mr: Fleetwood that he deserves to make good all ye: charge unless he give a better reason for it yn: that the Coffrey's dont delight in ye: peice of ground assigned them & wee do require ye: Cheif & Counll: for ye: future to take care that ye: Coffreys be employed in Some profitable Service as formerly directed which will never be effected to any purpose unless ye: Cheif himself will take Some pains & See them put into method of Labour which will appear by their Creditt in ye: books.

5. In y^{e}: 17: Paragraph y^{e}: reason rendered of sparing Cap^{t}: Howell pepper is y^{e}: want of money to pay Cap^{t}: Darow for his Slaves but it was y^{e}: profitt of Howells goods which M^{r}: Fleetwood rec^{d}: & disposed to a Considerable advantage & allowed y^{e}; R^{t}: Hon^{ble}: Comp^{a}: no part of profitt but he must now be Responsible for y^{e}: whole & wee require him to Render a true Acco^{t}: thereof.

6. It is very Strange that y^{e}: Chinamen after they had made y^{e}: bricks could not be perswaded to burn them. Wee have now Sent Paul Daimton who served an apprentiship to a bricklayer & will be able to direct & employ y^{e}: Negroes in the making & burning y^{e}; bricks without being beholden to y^{e}: Chinamen & be Serviceable in building.

7. In y^{e}: 23^{d}: Paragraph y^{e}: give two reasons why y^{e}: Can't carry on y^{e}: ditch thro' y^{e}: swamp into y^{e}: Sea Viz^{t}: y^{t}: y^{e}: Sand is higher than y^{e}: Swamp & y^{t}: in digging a Small depth you meet wth: Spring[s]. y^{e}: latter seems to be no Objection & y^{e}: first may be Rectifyed by driving piles of wood at y^{e}: End of y^{e}: ditch which leads into y^{e}: Sea w^{ch}: will prevent the Sea's wearing away y^{e}: Sand & making a breach into y^{e}: Land unless y^{e}: depth of y^{e}: ditch be lower than y^{e}: surface of y^{e}: Sea & then it will be very difficult to effect it without a Sluice to open & Shutt, you consider well of it & if possible contrive Some way for accomplishing it, being of very great importance as well for y^{e}: healthiness of y^{e}: place as y^{e}: advantage y^{e}: will gain by y^{e}: use of y^{e}: land when dreined & will render y^{e}: present Scituation of y^{e}: Fort as good as y^{e}: hilly promontory your draught mentions to be y^{e}: fittest & is so much y^{e}: better because nearer y^{e}: river's mouth.

8. Since Robert Henderson proves So usefull to you in y^{e}: Hospitall wee approve his continuance in that Imploym^{t}: att Factors Sallary & are well Satisfyed to hear So good a report of David Davice whom you impute as a Secretary his diligent & faithfull Service will have due consideration in time.

9. In y^{e}: 27th: Paragraph y^{e}: write that you cannot imploy Heady as a Gardiner for want of seeds which is but a sorrowful excuse for a gross neglect. Wee have sent you some seeds to obviate y^{t}: excuse but know y^{o}: Cannott want Seeds roots &c^{a}: for planting & do expect in a Short time y^{e}: Negroes to be imployed So as to find themselves Victualls.

10. Wee Send y^{o}: 10: butts of Beng^{ll}: arrack wth: order to lett y^{e}: Soldiers have it by daily allowance att a reasonable rate. You write in y^{e}: 33rd: paragraph you have done so, & wee wish y^{o}: could prove it by an acco^{t}: of y^{e}: expences being informed y^{t}: not above two butts were so employed & much of y^{e}: rest sold to some friends of M^{r}: Fleetwood's for keeping a punch house, Wee suppose there may be some bought since by M^{r}: Fleetwood for Supply of y^{e}: Garrison. If So lett y^{e}: overplus of it cost above y^{e}: price of y^{e}: S^{d}: Bengall Arrack be charged to M^{r}: Fleetwood's Accounts. Wee have now Sent y^{o}: Some Beng^{ll}: Arrack and again require that y^{e}: Same may be distributed among y^{e}: Soldiers att y^{e}: rate of 3 drams a day for a dollar a month.

11. Wee cannott coyn y^{e}: Mexico small money as y^{o}: propound of y^{e}: due weight & fineness wth: out being looser & to make them worse would be y^{e}: Counterfeiting & debating [*sic*] one of y^{e}: noblest coin[s] in y^{e}: world but wee hope in time you may cause your fanams to pass Currantly if they take att [P]ryamong they will by degrees make their way further to promote which if you find occasion Lett them go 20 for a dollar by which y^{e}: R^{t}: Hon^{ble}: Comp^{a}: will have a profitt. It is not likely that they will pass long or far at y^{e}: rate of 16: to a Doll^{r}:

12. Wee have sent y^{o}: no Cocks nor Hens being well assured you have a good Stock, Nor Sheep, y^{o}: having store of Goats w^{ch}: thrive better, Wee have Sent y^{o}: a few Ducks & Turkeys for breed.

13. Lett those persons that belong'd to Indrapore & came to Bencoolen be examined as to y^{e}: manner & reasons of y^{e}: leaving y^{t}: factory and ꝑticularly w^{tt}: they know concerning y^{e}: Dutch having a hand in it & Send us their examinations.

14. Wee well approve of yo^{r}: proposall of Sending one vessell to y^{o}: in March & another in October & if wee meet with no extraordinary disappointm^{t}: Shall

accordingly send y^{e}: another vessell in October next. Wee now send y^{e}: Royall James & Mary & y^{e}: Madapollum y^{e}: first directly to York Fort & y^{e}: other to call at [P]ryamong & deliver treasure & stores for their supply & to lye there till M^{r}: Betts shall have finished the business he is ordered & then to proceed to York Fort wth: w^{tt}: pepper shall be ready in their Godowns; The copy of y^{e}: Madapollum's Invoice comes inclosed by which y^{o}: will understand how to direct y^{e}: delivery of Stores at [P]ryamong for their further supply if wee have sent too little or too much of any thing.

15. Wee send y^{o}: herewth: y^{e}: Acco^{t}: of Cap^{t}: Perrimans voyage to y^{e}: time of his Arrivall their being undertaken & y^{e}: ship detained for y^{e}: service of y^{e}: west coast. The charges of y^{e}: whole is propperly charged to Priamans settlem^{ts}: tho' there will be a considerable loss & a great ℔t whereof was occasioned by M^{r}: Sowden &c^{a}: their unnecessary detaining y^{e}: Ship to lay to no purpose after the returne from Madagascar.

16. Wee have perused yo^{r}: Consultation of 29th: Aprill last concerning demanding Custome of Chinamen & can only say y^{t}: y^{e}: R^{t}: Hon^{ble}: Comp^{a}; are very positive in their Orders for receiving it of all ℔sons without distinction, & y^{t}: order must be put in execution So Soon as possibly you can & if there be any competent number of them come to settle among y^{o}: (as tho' y^{o}: Suddainly expected) you must not deferr it any longer. But it will be unreasonable & matter of great disgust if y^{o}: demand from them Arrears of custome for y^{e}: time past unless y^{o}: contracted wth: them or declared to them att their settlem^{t}: y^{t}: they should pay if ordered from hence, You must also receive 5 ℔C^{t}: for all goods Imported from Fort S^{t}: George or any other place notwithstanding any certificate for custom once paid.

17. Wee have Sent y^{o}: Some more wheat (having no flower & if wee had it would not keep good long) tho' y^{o}: write for none unless a mill Sent, you have a mill but dont know it & y^{o}: have stones fitt for grinding wheat but if you wont take y^{e}: pains to get y^{e}: wheat grounded for your own eating wee will send no more.

18. Wee have sent y^{o}: as many Soldiers as wee can Spare being Sensible y^{t}: y^{o}: will want them for y^{e}: Securing [P]ryamong & y^{e}: parts lying between that & York Fort, which is of y^{e}: more importance since Indapoora is lost.

19. M^{r}: Fleetwood remitting Cap^{t}: Knox the custome of 30 baher of pepper, for his supplying stores att y^{e}: Battavia price seems to have done for a valuable consideration & therefore excusable (tho' that practice is not to be practised) but y^{e}: Custome remitted to Cap^{t}: Howell for 268 baher of pepper & y^{e}: abatemt^{s}: made y^{e}: Malay's is to be Charged to M^{r}: Fleetwood's Acco^{ts}: tho' when Cap^{t}: Howell comes back from his voyage wee will endeavour to recover that due from him.

20. The 20 Paragraph [*sic*] paid here to Henderson & Davice was not given gratis but advanced in part of Sallary & must be So accounted for example Sake Lett them confirme y^{e}: good report wee hear of them by continuing diligent in their business & they will not fail of due encouragement.

21. In M^{r}: Sowden's Acco^{t}: is an error Doll̃: 300 twice charged to his credit Viz^{t}: once in y^{e}: Sum of 300 Doll̃: Said to [be] lent att first & brought into Cash in July 1693 & y^{e}: Same Sum included in y^{e}: Sum of Dollars 945 as appears by examination of particulars. His Acco^{t}: is not yet Cleared y^{e}: fort York books having been but lately finished, & there appears many other things to be Considered.

22. Yo^{r}: Letter ℔ Northampton gives Acco^{t}: of y^{e}: Returne & defect of Ship Satisfaction, if She be impearable of Service wee hope y^{o}: have sold her give us an Acco^{t}: of y^{e}: Sum that the Accot of the Ship may be cleared.

23. You also advise us of a good Quantity of Pepper procureable att [P]ryamong w^{ch}: gives us hopes y^{t}: y^{o}: will have a Store ready for y^{e}: Royall James & Mary whom y^{o}: are to dispatch for Beng^{ll}: within two months after her Arrivall wth: you in y^{e}: mean time as y^{o}: see occasion you may order y^{e}: Ship to visit Syllabar & [P]ryamong & y^{e}: Comd^{r}: is obliged by Charterparty to assist you when

required with any number of men not exceeding 40: either by Land or Sea as wee have ꝑticularly enjoyn'd in our orders to him Copy whereof goes inclosed. Wee also Send y^o: y^e: Ships Charterparty which y^o: must Send to Bengall with her.

24. Lade as much Pepper upon y^e: Royall James & Mary as y^o: can procure & Consigne it to y^e: R^t: Worp^ll: Charles Eyres Agent &c^a: Coun^ll: at Chuttanutte w^ch: wee hope will be at least 4: or 500 bahar & advise y^e: Agent &c^a: Coun^ll: w^tt: prospect y^o: have of Sending more to us by y^e: Madapollum w^ch: pray fail not to dispatch to us by y^e: 20 July or at least So Soon as y^t: She may arrive here by the middle of Sept: & Send us w^tt: pepper y^o: can procure by her, Wee expecting y^t: by y^t: time one of y^e: large Ships will come hither from Beng^ll: to be dispatch[ed] for Europe & wee depend upon y^o: for part of her lading.

25. Permitt no pepper to be laden on y^e: R^t: Hon^ble: Compa^s: Ships on freight or Privelige but w^tt is weighed by y^e: Same weights as y^e: Compa^s: Pepper y^t: the weight upon y^e: whole may be borne proportionably by all that are Concern'd therein & lett y^e: Warehousekeeper Send his Certificate of the Quantity laden.

26. Together w^th: yo^r: Gen^ll: Lett^r: ꝑ Madapoll̃: wee rec^d: a Letter from M^r: Wilson w^th: Severall papers according to his List to N^o: 13: & do well approve his & M^r: Butterfields carefull inspection & particular Acco^t: of y^e: R^t: Hon^ble: Comp^as: affairs. M^r: Frith's ingenious letter to M^r: Wilson da^t: 2^d: Aug^st: do's propound y^e: falling in with Raja Maucoota in order to y^e: Settling of y^e: young Prince and by yo^r: Consultation of 14^th: & 17^th: Aug^st: does appear y^t: y^o: are of y^e: Same opinion. The expulsion of y^e: Emperor who is in possession & y^e: introducing y^e: Young Prince who has y^e: right is a matter of great importance & not to be undertaken without a good Consideration & prospect of Success for if y^o: fail in y^e: attempt y^o: make y^e: Emperour an unreasonable enemy. But if y^o: have resolved to take y^e: part of y^e: Young Prince Lett Articles of Agreem^t: be converted in writing w^th: y^e: Young Prince & Raja Maucoota wherein y^e: main thing is to Secure all y^e: pepper to y^e: R^t: Hon^ble: Comp^a:.

27. The Certificate concerning y^e: Chinamen makes mention of one of them whom M^r: Fleetwood had wronged in a bargain lett y^t: be particularly examin'd & y^e: damage Stated & cause M^r: Fleetwood to make him Satisfaction which instance of yo^r: Justice will retrieve y^e: discouragem: given them by the Injury.

28. The paper of Memorand^a: Concerning y^e: R^t: Hon^ble: Compa^s: affairs & y^e: two papers Relating to M^r: Fleetwoods Acco^ts: do contain much matter in y^m: & are too clear demonstrations of M^r: Fleetwood's gross Omissions w^ch: look too much like designed frauds. M^r: Betts brings w^th: him Copy's of w^tt: is material & he has particular Instructions. Let every particular be examined in Consultation & Stated, & what other omissions of y^e: like nature have Since come to M^r: Wilson's knowledge & w^tt: y^o: find due from M^r: Fleetwood to y^e: R^t: Hon^ble: Comp^a: be charged to his Acco^ts: w^ch: if M^r: Fleetwood Shall as he ought readily Submitt to pay into y^e: R^t: Hon^ble: Comp^as: Cash he hath notwithstanding liberty of making his Objections to any Articles w^ch: he may deliver to y^o: to be Sent to us w^th: yo^r: answer & wee Shall willingly repay him here any part thereof for w^ch: he can give us a good reason. But if upon Receipt hereof or in y^e: time of your examining his Acco^ts: y^o: find him obstinate & Refractory or have reason to think y^t: he will not pay, in Such case Seize his Effects & if there be Occasion for it his person also in yo^r: Fort, till y^o: have finished y^t: business.

29. As to y^e: matter of advice contained in y^e: papers dated 24^th: May & 25: Aug^st: which were d̃d. by M^r: Wilson & M^r: Butterfield to M^r: Fleetwood (as is entred in y^e: Consult: books) It will be now your part to rectifye those omissions or Errors in Gov^t: which are therein observed.

30. By all yo^r: advices it does appear that [P]ryamong is a place of great Importance as well for y^e: procuring of pepper as being become upon y^e: loss of Indapoore y^e: frontier against y^e: Dutch incroachm^ts: & is therefore to be y^e: better Secured. The Dutch will be encouraged by their Success att Indrapore &

will be y^{e}: more Vigorously persued on their designs against [P]ryamong whereof y^{e}: Country people are apprehensive and att present doubt whether you are able to Secure yo^{r}: selves & y^{m}: against y^{e}: Dutch & till they are Satisfyed in y^{t}: point they will be afraid of joyning wth: y^{o}: wee have therefore Sent y^{o}: what Supply wee can att present & would have y^{o}: make y^{e}: best use y^{o}: can of it while y^{e}: Europe Ship continues wth: y^{o}: y^{e}: appearance of w^{ch} at [P]ryamong will be of use. Therefore as Soon as unladen lett her proceed thither wth: one well instructed for y^{e}: Settlem^{t}: of y^{e}: place: The first thing to be Consider'd in yo^{r}: Councill is whether it be possible to unite y^{e}: present Emperor of Manduta and y^{e}: Young Prince & his adherents Raja Macoota &c^{a}: in one Common Councill & interest wth: y^{o}: against y^{e}: Dutch but this is very difficult to be effected because y^{e}: young Prince claims a right to y^{e}: empire of Mandata from w^{ch}: y^{e}: present Possessor has excluded him & will not easily quitt his claim nor will y^{e}: Emperor easily quitt his Possession y^{e}: only remedy therefore to accomodate y^{e}: matter Seems to be y^{t}: y^{e}: present Emperour enjoyn it during his life & upon his Death y^{e}: Young Prince to Succeed to which accomodation possibly both parties may agree. The Young Prince because he has not power enough to expell y^{e}: Emperour & y^{e}: Emperour may be also willing to Secure himself against y^{e}: Dutch by y^{e}: addition of y^{e}: Young Prince's party & this proposall must be transacted first with y^{e}: Young Prince & Raja Macoota & if Such a Union Can be effected it will be y^{e}: Surest way to Secure them & yo^{r}: Selves against y^{e}: Dutch but if you dont find this practicable consider w^{ch}: of y^{e}: two party's y^{o}: are to joyn with perhaps y^{e}: young Prince & Raja Macoota may be y^{e}: better trusted because of their present circumstance but y^{e}: Emperour is doubtless more Strong & able to assist y^{o}: against y^{e}: Dutch & therefore 'tis more advisable to make a friendship with him if y^{o}: can find as much reason to trust him as y^{e}: other. This is written as matter of advice but y^{e}: execution is left to yourselves who can best understand y^{e}: circumstance of things being up on y^{e}: place & it is left to y^{o}: to make use of y^{e}: Presid^{ts}: Lr̃e. to Raja of Syllabarr & Raja Macoota as y^{o}: Shall find occasion w^{ch}: are written in English & wee desire they would write their answers in English likewise. By accident wee mett with one y^{t}: could read y^{r}: Arab language who interpreted Lr̃es recd: from Raja Macoota & Raja Mooda but he is a transeant man & therefore is none here resident that understands y^{e}: language.

31. As Pryamong is y^{e}: frontieer to y^{e}: North So is Syllabarr to y^{e}: South & is therefore to be regarded & Secured by a Pager & a few gunns Since Raja Pangra Jungulo is So desirous of it, If y^{e}: Dutch gains Syllabarr they will annoy Bencoolen greatly, and destroy y^{e}: Pepper round about as they did att Indrapore.

32. You also want one y^{t}: understands Gunery & military discipline who can instruct y^{e}: Soldiers & keep them to their duty. Wee have for those reasons sent Lieutenant Alexander Delgardner who wee think y^{e}: best qualifyed for those Services & therefore is to be employed accordingly not only in y^{e}: military Charge but in y^{e}: directing of y^{e}: repairing y^{e}: fortification & other works, & employing y^{e}: Coffry's in Some profitable Service. In Consideration whereof he is to receive Lieutenants Pay & his dyett at y^{e}: Genll: table to take place as eldest Lieutenant ten Dollars a month for his Extraordinary Service but wee have one objection against M^{r}: Delgardner y^{t}: he is in his naturall temper a little too hasty & passionate which must be pardoned while tis Inoffensive. We give y^{o}: this hint as a direction for y^{e}: Gov^{rs}: more prudent managem^{t}: & wee have given him a Strict caution, & to prevent all inconveniences have declared to him & wee do order y^{t}: he is wholly under yo^{r}: direction & Command, & if he carries it disrespectfully to his Superiours or be y^{e}: occasion of difference among y^{o}: y^{t}: he is to return hither by y^{e}: first opportunity.

33. The making of bricks & Chinam being of So great use to you wee have agreed with Paul Dainston to undertake y^{e}: making of bricks and with Charles Crew y^{e}: making Chinam the former is to Receive 50 D^{s}: for y^{e}: first kill of 100,000: bricks d̃d: burnt & 25: D^{rs}: for every kill of 100000: afterwards & y^{e}: latter 10: D^{rs}: for y^{e}: first kill of 100: bushels of lime & 5 D^{rs}: for every kill of

100: afterwards y^{e}: making of these have been long order'd & endeavour'd in vain wee think this y^{e}: best way to Accomplish it will be yo^{r}: part to furnish them with Coffrey's wood and what they want for doing the business.

34. Wee send y^{e}: M^{r}: Francis Betts & do hereby give him full power & Authority to examine State & adjust all acco^{ts}: relating to y^{e}: R^{t}: Hon^{ble}: Comp^{as}: affairs on y^{e}: west coast & do require you to give him all necessary Assistance therein & upon his first Coming all books & papers of Acco^{ts}: be d̃d him by list w^{ch}: are to remaine in his Custody while he Stay's & upon his returne he is to returne them y^{e}: by list. Wee also require all persons y^{e}: Gov^{r}: not excepted to render & d̃d Acco^{ts}: to him as he Shall See cause to demand y^{e}: Same, & to y^{e}: end y^{t}: y^{e}: Acco^{ts}: of York Fort & its appendances after So many yeares errors be at length truly Stated, wee require y^{e}; upon receipt hereof to cause a true Acco^{t}: to be taken of all reál remains. M^{r}: Betts is ordered to bring up & ballance y^{e}: books of York Fort to y^{e}: time conformed to y^{e}: real remains, & if there Shall be any differences between y^{e}: books remains & reall remains lett y^{m}: be adjusted by order of Consul^{t}: So far as it can be done while M^{r}. Betts continues there & Such as cannot be adjusted may be carried to Acco^{ts}: differences between book & reall remains.

35. Wee have Sent Duplicate hereof by M^{r}: Francis Betts upon y^{e}: Madapollum.

36. By yo^{r}: Acco^{t}: of remains there is a large quantity of Palempores & other Small goods Sent to York Fort many Yeares agoe by their long lying doubtless they are damaged. If they will not vend for y^{e}: Price desired Sell them for what y^{e}: markett will afford rather than to lett them Spoil quite but if y^{e}: cant dispose of y^{m}: Send y^{m}: hither by y^{e}: first opportunity. Lett it be observed as a Constant rule to Send hither whatsoever is not propper for Sail or use.

38. Lett Indrapoores Acco^{t}: Curr^{t}: with York Fort be adjusted & a Copy thereof from y^{e}: beginning be remitted hither with Copy's of Invoice received & Sent.

37. Inclosed is Invoice & bill of Lading for what was laden on Ship Royall James & Mary amo^{ts}: to Pag^{es}: [. . .] & Madapollum Amo^{ts}: to Pag^{es}: 3395: 13:, with list of soldiers whereof Some of y^{e}: Portugeze carry their wives & familys of whom y^{e}: must take Some care for their first Settling in habitations & assigne y^{m}: ground.

39. By y^{e}: Acco^{ts}: of York Fort it appears y^{t}: China Silk &c^{a}: have been frequently bought for presents at great rates wee have therefore Sent y^{e}: a Supply for those Occasions out of which y^{e}: may take what y^{e}: think most propper to present to Raja Macootá & y^{e}: Raja of Syllabarr in y^{e}: Pres^{ts}: name if y^{e}: find it Convenient to deliver these L̃res.

40. Herewith wee Send y^{e}: list of moneys advanced to y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Serv^{ts}: Amo^{ts}: to Pag^{es}: 140 & a Letter from M^{r}: Pitt and Fleetwood to M^{r}: Charles Fleetwood concerning a demand of M^{r}: Alfords concerns in his hands. Wee are

Cojee Gregore has given mee to understand y^{e}: Contents of your Letter to him whereby I perceive y^{t}: you have taken out y^{e}: Kings Husbulhookum & Sent it to Surratt & y^{t}: upon Paym^{t}: of 6000 rup^{s}: for y^{e}: Court fees you can take out y^{e}: Husbulhookum for Bengall & y^{t}: y^{o}: have given y^{e}: [security] of a Shroffe for y^{e}: money. I returne y^{o}: my hearty thanks for y^{e}: kindness you have done y^{e}: R^{t}: Hon^{ble}: Comp^{a}: therein & because there are many who have Occasion to Send money hither to buy goods &c^{a}: Yet many gain Something by receiving y^{e}: money there of those who have Occasion & draw bills upon us for y^{e}: Same which Shall be punctually paid: besides it will also be more convenient for me because of y^{e}: Sending money by land & when y^{o}: have taken out y^{e}: Kings Husbulhookum for Bengall if you have an Opportunity Sending it to M^{r}: Charles Eyres y^{e}: English Agent att Chuttanutte near Hugly in Bengall & Send me a Copy or two of y^{e}: Same Chaup'd by y^{e}: Cojee that I may Send them by Severall Ships for fear one Should miscarry. But if y^{o}: have not an opportunity of Speedy Sending to Bengall Send y^{e}: Originall & Copy's to me y^{t}: I may Send it from hence I pray if y^{o}: can possible order matters so y^{t}: y^{e}: Husbulhookum may expresse y^{e}: English Comp^{a}: & not y^{e}: English nation because y^{e}: Comp^{a}: have always So desired it & it is necessary for y^{e}: keeping of our own people in good order & to prevent their quarrelling wth: or doing any injury to y^{e}: Country Government. N^{o}: 31.

I have not yet been informed y^{t}: y^{e}: Presid^{t}: of Surratt or Agent of Bengall have paid or Remitted any money for this Occasion. If they have I hope y^{o}: will take care to prevent my paying it a Second time.

It is now above three years Since Presd^t^: Yale & Coun^ll^: began a treaty with Zulphaker Cawn & his father Assid Cawn by meanes of their Servant Emai[m] Cooley for y^e^: obtaining of the Kings Phirmaund for y^e^: Confirmation of y^e^: R^t^: Hon^ble^: Comp^as^: Settlem^t^: & trade for the Coast of Chingee Corromandell & Gingerle which doubtless was necessary upon y^e^: Mogulls Conquest of y^e^: kingdome of Golcondah & y^e^: prospect of his Conquering Chingee &c^a^: y^e^: application was made formerly to Caun Bux y^e^: Kings Youngest Son who was in these parts but Zulphaker Caun was y^e^: undertaker depending upon y^e^: Authority of his father Assid Caun y^e^: Grand Vizier & they both promised fair & wrote to y^e^: King in behalf of y^e^: Phirmaund. In y^e^: mean time they both give y^e^: necessary Parwannas by vertue of w^ch^: our trading business has hitherto gone on without any Considerable obstructions except Such as have hapned by y^e^: Casualty's of warr & in 1692 the Grand Vizier his parwanna for 3 towns bordering upon our limitts, but upon y^e^: differences between Assid Caun & Caun Bux, Assid Cawn being Commanded frõ: these parts & having continued ever Since under y^e^: Kings displeasure (till very lately) neither he nor his Son have been in any capacity to procure our Phirmaund & wee have been ever Since very doubtfull & wavering not knowing how to make one Step in that affair, but upon y^e^: first report of Assid Caun restoration to y^e^: Kings favour wee Send him a Letter to put him in mind of our Phirmaund & represent to him y^e^: State of y^e^: case relating to pyratts

(Copy of which comes inclosed) after which Emain Cooley came hither being Sent by Zulphaker Caun to reside at y^{e}: Court as his Vacqueell and having been by him & other credible intelligence informed that Assid Caun was really in favour & Office wee have again ingaged Emain Cooley to prosecute y^{t}: business when he comes to Court as yo^{r}: Exc^{y}: will ℔ceive by y^{e}: inclosed Copy of our Consultation of 1st: Ins^{t}: y^{e}: Letter to Assid Caun dated 23^{d}: Feb^{ry}: obligation to Emain Cooley for 4000 Rup^{s}: to be paid him upon Receipt of y^{e}: Phirmaund for Court charges &c^{a}: y^{e}: Articles of y^{e}: Phirmaund a paper of Memorandums also a Letter to Issa Cooley to be Assistant to Emain Cooley dated y^{e}: 12th: Ins^{t}: this business of y^{e}: Phirmaund cost att first a large Sum above 12000 Pagodos besides w^{ch}: there was a Contract made for 12000 Rup^{s}: to be paid to Zulphaker Caun & 4000 Rup^{s}: to Emain Cooley upon Receipt of y^{e}: Phirmaund & 500 Rup^{s}: a year to Emain Cooley during his life an obligation was given to Zulphaker Caun by M^{r}: Trenchfield &c^{a}: when he was at y^{e}: Camp for y^{e}: 12000 Rup^{s}: but there had been no writing given to Emain Cooley. The late Comissary did judge it not fitt to loose y^{e}: money y^{t}: had been Spent but to go on with y^{e}: bargain & when Emain Cooley was here in Feb^{ry}: 1692/3 did then give him an assurance of y^{e}: money promised him & Caused y^{e}: Presid^{t}: to do y^{e}: like wee do therefore go on in prosecuting this business esteeming y^{e}: money already expended to be lost if wee don't & y^{e}: money to be paid is a Cheap bargain if y^{e}: Phirmaund be obtain'd. There has not been much Spent upon this Occasion Since y^{e}: first large expence y^{e}: greatest Sum was our Returne of presents made by Assid Caun & Zulphaker Caun upon Change of Governm^{t}: here.

Upon y^{e}: March of Zulphaker Caun's Army from Chingee towards Tandore their near approach to y^{e}: bounds of Fort S^{t}: David gave them cause to Stand upon their guard & wee Sent them y^{e}: Armenian Mercht: with 25 Soldiers for countenance & assistance that which gave us y^{e}: greatest cause to apprehend any trouble from them was y^{e}: rash & madd action of D^{r}: Blackwalls ingaging himself in their Service & giving bonds for 161000 Pag^{es}: for y^{e}: Governm^{t}: of Porto novo, but y^{e}: Gov^{r}: & Coun^{ll}: of Fort S^{t}: David by our orders Sent M^{r}: Haynes & Mountague to Compliment Zul: Caun wth: a present which cost 6 or 700 Pag^{es}: to him & his Officers they were rec^{d}: very civily & procured y^{e}: Nabobs Parwanna to free them from trouble by his Army which is now past farther from them at y^{e}: Same time wee were here disturbed in y^{e}: possession of our new towns by y^{e}: Officers of Arsemanague who having rec^{d}: y^{e}: Nabobs grant for a very large Jagger in these parts which by Constitution included our new towns order'd his Servants to take possession thereof by force in order to which they brought a party of horse & foot into one of y^{e}: new towns but wee sent 40 or 50 Soldiers thither to keep Possession & wrote to y^{e}: Nabob he gave us a doubtfull Answer, y^{e}: crop being ready for gathering & should be lost if y^{e}: matter were not Speedily decided wee wrote again to him & Severall of his Officers & Sent them presents that it might be peaceably Concluded which with y^{e}: former charges will amo^{t}: to So much that wee Shall gaine nothing this year but possession & after y^{t}: has been Secured a few years y^{e}: profitt may be Considerable yearly.

Presid^{t}: Yale pretending to go home by y^{e}: Sampson & made very positive demands for an order, which was granted him he pretended he could not dispatch his business unless y^{e}: Ship could Stay a week longer and So Continues here Still.

When y^{e}: late Comissary Gen^{ll}: was here y^{e}: Fort house appearing very defective was order'd to be pull'd downe & a large house in y^{e}: town hired at 19 Pag^{es}: ℔ month for 2 yeares. It being very difficult to prompt [sic] Chinam bricks & Timber to carry on y^{e}: new building time has been taken for procuring a Store, & having now Sufficient to begin wee intend very Suddainly to lay y^{e}: foundation & carry it up to y^{e}: first Storey before y^{e}: rain Sett in & after it has [. . .] a due Setling thro' the rains to finish y^{e}: rest, & if wee meet wth: no Interruption in procuring of Chinam wee hope to finish it by Aprill 1695.

Wee send yo^{r}: Exc^{y}: y^{e}: Copy of a Comission which came in y^{e}: Bengall Pacquett ℔ Royall James & Mary for Constituting a Judge Advocate in Beng^{ll}: w^{ch}: appointed M^{r}: Ellis Judge & M^{r}: Hill his Successour who are both displac'd

from Serving y^e^: R^t^: Hon^ble^: Comp^a^: in Bengall by y^e^: late Comissary & therefore cannot be Executed y^e^: further Succession depending on Agent Charnock deceased his appointment & wee Suppose the Comission void by Agent Charnock's death wee have therefore not Sent it to Bengall.

The late Comissary Gen^ll^: began a L^re^ to y^e^: R^t^: Hon^ble^: Comp^a^: but left it unfinished the Copy thereof comes inclosed also y^e^: Copy of y^e^: R^t^: Hon^ble^: Comp^as^: Gen^ll^: Lre to Beng^ll^: dated 28^th^: Apr^ll^: giving them directions relating to Muttradas & y^e^: Interlopers Capt: Buck used his passengers So ill in y^e^: Voyage that they gave in a paper of Complaints against him which comes inclosed with y^e^: Copy of y^e^: result of our Consultation thereupon after w^ch^: Capt: Buck promised to give a Chest of Wine among y^e^: Passengers but when he got aboard Ship faild of his promise in that & also in Sending us a Shore one of his Ships Comp^a^: for whom wee gave him order & tho' wee had Spared him 3 or 4 men from y^e^: Shore, which is a farther aggravation of his miscarriages in the Voyage towards yo^r^: Exc^y^: whereof M^r^: Morris has given us an Acco^t^: Wee are

FORT S^{T}: GEORGE APR^{LL}: Y^{E}: 22^{D}: 1694.

To Y^{E}: R^{T}: WORP^{LL}: CHARLES EYRES ESQ^{R}:
AGENT &C^{A}: COUN^{LL}: FOR AFFAIRS OF Y^{E}: R^{T}:
HON^{BLE}: ENGLISH EAST INDIA COMP^{A}: IN BENGALL.

Our last was dated 22^{d}: Feb^{ry}: by y^{e}: Princess Anne of Denmark copy whereof goes herewth: N^{o}. 37.

Wee Rec^{d}: yo^{rs}: dated 3^{d}: Feb^{ry}: wherein y^{o}: have desired us to Send a Vaquell to Court concerning y^{e}: Kings Husbulhookum for taking off y^{e}: Stop on trade in Bengall before which wee had desired Cojee Gregoree an Armenian Inhabitant here to write a Letter to Issa Cooley an Armenian resid^{t}: in y^{e}: Kings Camp concerning y^{t}: affair who return'd an answer whereof wee inclose y^{o}: a Translate with a Copy of our Letter to him by which y^{o}: will understand y^{e}: Probability of y^{e}: s^{d}: Husbulhookum being Suddainly Sent either to Bengall or this place, tho' it will cost a much Larger Sum of money than was expected y^{e}: Dutch & French having led the way. Wee have used y^{e}: best caution wee can to prevent a double paym^{t}: whereof & hope you have not paid any thing upon this account when Issa Cooley first wrote to [?us] it was doubtfull whether Assid Caun y^{e}: Grand Vizier were in favour or no, but wee have it Since Confirmed that he is restored to favour & office wee have thereupon Renewed our application to him for our Phirmaund for this Coast & have engaged Emaim Cooley our Agent therein to be Assistant to Issa Cooley in y^{e}: business of yo^{r}: Husbulhookum as occasion requires. Yesterday Ship Hawk Cap^{t}: James Collier Comd^{r}: arrived in this road and brought a Pacquett from y^{e}: R^{t}: Hon^{ble}: Comp^{s}: directed to y^{e}: Agent & Coun^{ll}: of Bengall which wee Send y^{o}: Inclosed together with y^{e}: Europe Invoice & bill of Lading for 859 Piggs of lead p^{z}: 1520 [^{c}]:—: 8 ^{LL}: Amo^{t}: to 1089^{LL}: 8^{s}: 7^{d}: Consigned to Fort S^{t}: George but is hereby Continued upon the Ship to y^{e}:

Agency, for which y°: are to give us creditt, So much as y°: can Sell or have occasion for y°: may detain, y°: rest y°: may Send to us by Such Europe Ship as y°: Shall first dispatch hither, y°: reason of our Continuing it upon y°: Ship is, because wee have enough at present to Supply our present markett & are unwilling to detain y°: Ship

On y°: 24th: past wee dispatch't Ship Royall James & Mary for Yorke Fort Bencoolen with orders to Stay there 2 months & to proceed to Beng^{ll}: wth: pepper Shall be then ready which is to be divided between y°: Royall James & Mary Princess Ann of Denmark & Hawk proportionably wee have also laden on y°: Royall James & Mary 60 Tuns of redwood which goes Consigned to yo^{r}: Selves as ℔ bill of Lading & Invoice now Sent & is intended for her Charterparty proportion y°: overplus for y°: Hawk or other occasion Unless y°: Shall find yo^{r}: Selves able to dispatch a Ship in September or December for Europe & Shall want y°: whole to fill her up. Wee have Sent y°: Charterparty upon y°: Ship to Yorke Fort & have ordered it to be remitted to y°:

You write to us to Send you 787 m^{d}: of Redwood to pay M^{r}: Ellis for So much Supplyd by him for y°: Charles wee have Sent by the Princess Anne 60: Tunn & by y°: Royall James & Mary 60: tonn above their Charterparty porportion out of w^{ch}: y°: may repay y°: sd: 787: ^{md}: & if y°: Shall want for y°: Hawk You may Supply her out of y°: Princess Ann Charterparty proportion & wee Shall make up y°: defect when She Comes hither unless y°: Shall be before Supply'd from hence there was [. . .] Candy of Redwood Sent to y°: from hence upon y°: Ship Orange pray examine how that was disposed of.

Since y°: Husbalhookum is in so fair a way to be obtain'd wee are of opinion you may give out money to able & creditable merchants for provision of goods which doubtless will be the Speediest way for obtaining them if y°: can prevent y°: Interlopers buying them out of yo^{r}: Merch^{ts}: hands at better prices against which it will be Convenient to make a particular provision in your Contracts, it is very probable y°: Duan may favour y°: Interlopers for y°: Kings advantage by y°: increase of trade & it will be very difficult for y°: to perswade him to hinder it but if y°: Husbalhookum Shall be worded in y^{t}: manner w^{ch}: wee have wrote to Issa Cooley Viz^{t}: y°: English Company instead of the English Nation y°: may thereby take Occasion to lett y°: under Gov^{rs}: know y^{t}: y°: Interlopers are not included in y°: Privelige of y°: Husbalhookum & money will make them beleive itt.

Whilst wee are in friendship with y°: Moores wee are not to deny Passes for their Ships when desired as for Presents to y°: Nabob Duan & Under Gov^{rs}: it must be left to your discretion to Act therein as occasion Shall require.

Cap^{t}: Freakes Security has made good y°: lead wanting wee Shall Send y°: men for y°: Service of yo^{r}: Sloops as opportunity presents.

Wee take notice M^{r}: Eyres is invested in y°: Agency in ℔suance of y°: late Comissary Gen^{lls}: orders & have great hopes that by his long experience in y°: Customes & trade in y°: Country he will be able to do y°: R^{t}: Hon^{ble}: Comp^{a}: great Service as well in timely dispatching their business, as defeating y°: Interlopers but wee dont find any mention made in y^{r}: Letter of Muttradass who y°: R^{t}: Hon^{ble}: Comp^{a}: have thought y°: fittest instrument for both those purposes.

Wee are very glad you have Secured 4000: ^{mds}: of Saltpetre in y°: house but if y°: can procure 10: or 20: times as much buy it, 1000 Tunn will not be too much for these 4 Ships, if y°: can Send 1000: ton more to Fort S^{t}: George it will be a good Service. Wee know not how Soon other Ships may come & what occasion wee may have for Saltpetre for their dispatch & therefore y°: cannott make too large a provision; Wee are afraid y°: private trade in Saltpetre will obstruct y°: but that must yeild to y°: Publick interest of y°: Nation as well as y°: R^{t}: Hon^{ble}: Comp^{as}: present Occasion & it will be yo^{r}: parts that are concern'd in private trade & have y°: management of y°: R^{t}: Hon^{ble}: Company's business both by your example & authority to Prevent y^{t}: publick mischief which y°: Agent is particularly obliged & [. . .] to Effect. The R^{t}: Hon^{ble}: Comp^{a}: having

ordered all private trade to be Consign'd to himself as well to prevent [. . .] to y^e^ : publick trade, as y^t^ : y^e^ : private may be farmely [formally] manag'd. You are not Strat^d^ : in y^e^ : price of Saltpetre & tho' you ought to buy it as Cheap as y^o^ : can yet dont lose it for want of an Ana or two upon a Maund.

Wee understand y^e^ : late Comissary Gen^ll^ : order'd Severall p[e]rsons to repair to y^e^ : Fort it will be expected y^t^ : his orders be observed.

On y^e^ : first of Last past wee dispatch'd Ship Sampson full Laden for England who arrived y^e^ : 18 : Feb^ry^ : It was a great Surprize to See y^e^ : Ship come hither at y^t^ : time wanting 700 bales to fill her up after lying 15 : mo^s^ : idle in Beng^ll^ : kept there only to accompan[y] Charles y^e^ : 2^d^ : a gross oversight in not making due calculation beforehand Lett y^t^ : [. . .] be a caution to you with respect to y^e^ : Ships. Wee are

Since y^e^ : decease of Padre Don John de Clerina there is Arrived a new bishop at S^t^ : Thomas from Goa, who wrote y^e^ : Presid^t^ : a Lett^r^ : Signifying that he had appointed Padre Paulo De Soe Vicar of Cuddulore w^ch^ : wee cannott admitt for 2

reasons first because wee must not owne his Episcopall authority in y^e^: English Goverm^t^: & y^e^: 2^d^: because there is Some objections against Padre Paulo de Soa. An answer to y^e^: bishops Letter has been deferred expecting an opportunity of meeting with a farer ꝑson & there being lately arrived a Padre from Mauca Gulielmos de Nalla [Valle.?] of y^e^: order of the Theatm^s^: [Theatines?] Wee are considering of making choice of him in y^e^: mean time lett Padre Paulo de Soa know that it is our order that he cease from his priestly function within your bounds & if he refuse to Comply therewith or prove troublesome cause him to depart yo^r^: bounds, After wee have heard from you wee Shall determine concerning Padre Gulielmus de Nalla [Valle?] in y^e^: mean time Shall Send an answer to y^e^: Bishop's Letter disow[n]ing his Authority in Cuddulore.

It will be a disparagem^t^: to us if wee Cannott provide as much Long cloth & Salempores for y^e^: R^t^: Hon^ble^: Comp^as^: Acco^t^: a Strange Spaniard has for private Accounts it will be understood y^t^: within 4 months after his Arrivall he carry's from hence & your port near 2,000 bales of Cloth f[or] Manhila, tho' it will not be understood that a Considerable part thereof is goods of Bengall imported by Armenians & y^e^: greatest part provided before y^e^: Arrivall of Said Spanish Ship at a time when wee wanted money to carry on Investm^ts^: It behoves us therefore to provide as much as wee can. Lett us know y^e^: utmost of w^tt^: your Merch^ts^: will contract for & wee will Supply you with money as fast as wee can procure it by Sale of goods & Silver. The latter wee hope Suddainly to Invest into money but y^e^: goods will lye longer on our hands. No: 44. Wee are to acknowledge ye: Receipt of yours dat: ye: 24th: past by Peons (who return herewith) wch: was accompanyed with a Lre: from Ballasore but wee are also to give further answer to yours of 10: & 12: Febry: & 10: of March.

Since ye: matter of ye: Chest Seems to yo: to be So lately forgott it is best to lett it lye still but yt: it may be forthcoming when Occasion requires lett it be entred in yor: Generall under ye: hand of Accot: unknown & wth: Some mark by wch: it may be known but without a value & So carried into the factory Remains.

The usuall rates of freight for bales from Vizagapatam is but 1 Page: ℔ bale and from Fort St: David ¾ Pagodo: if yo: cant procure a Conveyance at yt: rate wee leave it to yo: to agree ye: freight as well as yo: can doubting yt: wee Shall not have an opportunity to Send a Ship to yo: to take them in.

The Cheifs good ℔formance at Vizagapatam will doubtless be well accepted by ye: Rt: Honble: Compa: if it be as he represents it but would be minded more acceptable if he would ye: next opportunity (which will probably happen in October next) to undertake ye: Settlement of their affaires at ye: West coast concerning which wee desire his positive answer.

In yours of ye: 11th: January last by the Samuell yo: write yt: yo: will Send ye: wheat &ca: to us by ye: first opportunity but now write yt: yo: Cannot Send it & desire orders what to do with it being Spoilt & not hardly vendible. If it be So bad yt: it will not Sell it will not pay freight therefore Sell it for what it will yeild & give us an Accot: of ye: Sale.

As to your proposall of a Settlement att Ganjam wee can only Say yt: ye: Rt: Honble: Compa: have very possitively forbidden any new Settlement & tho' ye: Charge yo: propound is not great & ye: [. . .] may appear [. . .] Considerable yet wee Cannott Consent to ye: Settlement nor Can wee at ℔ sent resolve a method for prevention of those which will arise from ye: private trade

irregularly manag'd but Shall by y^{e}: first opportunity represent y^{e}: matter to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: & to y^{e}: Gen^{ll}: att Surratt.

Wee doubt not but M^{r}: Holcombe meant wth: [*sic*] in renting y^{e}: town without Security of y^{e}: Inhabitants; but whether they are able to Comply or no, yet it is doubtless [best] that y^{e}: Inhabitants be thereby engaged to advance y^{e}: trade & revenues of that place & tho' y^{o}: dont gett much by their being Security y^{o}: can loose nothing by it.

The Pag^{es}: 223: Short Charged in y^{e}: Fort S^{t}: George Invoice of Cotton Sent you was for Charges Merchandize omitted.

Wee formerly advised you of our Omission in not naming Sail cloth with Longcloth &c^{a}: when wee ordered a new Contract to be made which wee hope y^{o}: have Accordingly Contracted with your Merchants for :20000: Pag^{es}: deliverable in September & to enable you to proceed therein Wee have now [sent] Pag^{es}: 3000: by y^{e}: Briggantine Diligence Will^{m}: Rogers Master for w^{ch}: bill of Lading & Invoice is Inclos'd. wee Shall as Soon as wee can Send you more Pagodos & Rupees.

As for y^{e}: damaged cloth by y^{e}: Princess y^{o}: have it as it came & as your factory enjoys y^{e}: Creditt of y^{e}: Profitt by Sale y^{o}: must also take y^{e}: Loss or damage into y^{e}: Same Account. That which wee reserve here for Sale is upon examination of our Warehousekeeper damag'd also, y^{e}: greatest part whereof is adjusted to be Ship Damage and will be Charged to y^{e}: Acco^{t}: of y^{e}: Owners, but for y^{e}: rest of y^{e}: damage it must come into our Acco^{t}: of Profitt & Loss but as y^{o}: represent y^{e}: damage of y^{t}: Sent y^{o}: there appears no Ship damage y^{e}: inward & outward Surplice being reported to be well Conditioned pray make a farther enquiry & report thereof.

Wee Send y^{o}: y^{e}: yards for y^{e}: Perpetuanas &c^{a}: omitted ℔ Princess in our Invoice but wee have no fine Scarlett to Spare.

Lett y^{e}: Charges of y^{e}: Peons to & from Bengall be carryd to yo^{r}: Acco^{t}: Charges Extraordinary for it would be an endless & needless trouble to Charge Such disbursements to y^{e}: Acco^{t}: of y^{e}: respective places to w^{ch}: Peons are Sent.

We have no Credible Acco^{t}: of y^{e}: alterations y^{o}: write will be made in y^{e}: Gov^{t}: of y^{e}: Coast of Gingerlee &c^{a}: there has been frequent reports of Halleasher Cawn Allemerde Cawn & others being appointed or design'd for those Governm^{ts}: but want a further Confirmation & therefore can give no particular directions. The management of affairs at So great distance depending on your prudence wherein y^{o}: have y^{e}: advantage of a pretence for delaying presents, that being under our direction y^{o}: want our orders notwithstanding if y^{e}: necessity or dispatch of business dos require a Speedy gaining y^{e}: New Gov^{rs}: Friendship you must comply therewith. Tho' there is a Convenience in putting it off as long as can be to break y^{e}: Custom of presenting every Seerlascar his first entrance by which meanes in case of a Suddain removall a present may be Saved & by degrees be[come]Accustomary y^{t}: y^{e}: Present to y^{e}: Seer lascar is to be made but once in So many yeares. Before wee received yo^{r}: advice of y^{e}: Seer lascar's removall Wee rec^{d}: a Letter from him & his Bramini from Metchlepatam inviting us to Settle at Pettipolee & wee Sent him a Compliment of thanks for his kindness to Vizagapatam factory but excused our Settling att Pettipolee upon y^{e}: Acco^{t}: of y^{e}: ill usage formerly & lately rec^{d}: from those Petty Gov^{rs}: y^{e}: better to Sweeten & perswade him to lett us have our Timbers from Metchlepatam & Madapollum (so long detain'd there) wee sent him & his Braminy Some rarity's of about 20: Pag^{es}: each tho' what wee have Sent y^{e}: Braminy is upon another Account.

May it Please Yo^r^: Exc^y^:

Our last was dated 27^th^: March Copy whereof Comes inclosed with y^e^: List of y^e^: Pacquett Since w^ch^: wee have not heard from Issa Cooley nor Emaim Cooley nor from Tonqueen. N^o^: 58.

On y^e^: 11^th^: May Ship Unity arrived from Surratt & Rettorah & brought us a Gen^ll^: Lr̃e from M^r^: Braborne dated [. . .] y^e^: Chief Import of which is y^t^: y^e^: Accomplishment of y^t^: Settlement is very doubtfull & on y^e^: 13^th^: Ketch Mochdum who brought us a Gen^ll^: Lr̃e da^t^: y^e^: 22^d^: Aprill 1694 & 60: & ½ Candy of Pepper in persuance of y^e^: Late Comissary's orders & advises y^t^: y^e^: R^t^: Hon^ble^: Comp^as^: Brigantine was sent to Bombay but not Returned Our dependance has been on y^t^: vessell to Send to y^e^: West Coast either directly from hence or by way of Bengall in October with further remitt of Stores & if neither y^t^: nor y^e^: Pearle Comes, wee have none for y^t^: Service unless wee hire a Country Vessell concerning which wee pray yo^r^: Excellency's directions.

On y^e^: 1^st^: Aprill y^e^: Hawke Cap^t^: James Cauler arrived in this road after having spent 40 days at y^e^: Cape for repair of his Ship & 40 days in Point de Gall for refreshment of his men. He brought us no Gen^ll^: Lr̃e from y^e^: R^t^: Hon^ble^: Comp^a^: but a Duplicate of 10: Aprill 1693 (which hath already been remitted to yo^r^: Exc^y^:) nor any Stock for Fort S^t^: George except 849: piggs of Lead of which having a Sufficient quantity for our present markett wee continued on y^e^: Ship for Bengall under orders for Selling it there if their Markett would take it off or to returne it to us by y^e^: first Europe Ship Inclosed is y^e^: Copy of our Generall Lr̃e to Bengall ꝑ D^o^: ship dated 2: Aprill.

The late Presid^{t}: Yale objecting against M^{r}: Fraser Sitting as an Assistant in y^{e}: Court of Admiralty in y^{e}: Actions depending between him & y^{e}: R^{t}: Hon^{ble}: Comp^{a}: pretending prejudice &c^{a}: to obviate y^{t}: objection wee Sent for M^{r}: Hatsell from Fort S^{t}: David (y^{e}: only other Surviving Assistance) who is now here upon y^{t}: occasion.

The Dutch att Pullicherry contrary to all their former Maxims & practices in India doe encourage private trade having appointed their Customers 2½ ℔ Cent & granted to the neighbouring natives, especially weavers great privileges. It is very probable their designe is to draw y^{e}: trade from Fort S^{t}: George & Fort S^{t}: David.

On y^{e}: 1st: Ins^{t}: Ship Armenian Merc^{ht}: Cap^{t}: Thomas Newnam Commander Sailed from [*sic*] Amoy. Wee Send yo^{r}: Excell^{cy}: y^{e}: copy of their contract for her freightment & our orders to the Commander Ship Morning Star Sailed att y^{e}: Same time bound for y^{e}: Same port. The Princess was lett for 15000 pag^{s}: but they y^{t}: freighted her Sent above 100000 Pag^{s}: Stock upon her whereof a Considerable part was invested in Silk at 15 ℔ C^{t}: freight & y^{e}: freighters of the Armenian Merc^{ht}: less than 30000 pag^{s}: & the freight of gold & Silk now 3 ℔ Cent less then it was then So y^{t}: y^{e}: freighters could not be induced to give more than 4100 Pag^{es}:

Zulphaker Cawns Army in their march from Chingee to Tanjore passing through y^{e}: Country adjacent to Fort S^{t}: David made So great a [deviation] & Scatter'd y^{e}: Weewor &ca. Inhabitants y^{t}: their Merch^{ts}: will not undertake to make an investment till y^{e}: Country be resetled however wee hope to invest the litle Stock wee have att Vizagapatam[?] but our dependance is more on Vizagapatam where all things are quiet at present. Here wee have a controversy wth: Arsuma Naigue about y^{e}: new towns granted to us by y^{e}: Grand Vizier but Since given to Arsuma Naigue as a part of his Jagger which is large above 200000 P^{a}: ℔ annum & takes in y^{e}: greatest part of y^{t}: Country where our Merch^{ts}: buy their Cloth upon w^{ch}: Consideration wee Suffer y^{e}: grain to lye two months in heaps & have not brought it in by force, expecting Arsuma Naigues Consent w^{ch}: has been often promised but not yet performed.

3 Wee send yo^{r}: Excell^{cy}: y^{e}: Copy of our Consultation of 18: May relating to M^{r}: Gullocke who is lately gone from hence wth: M^{r}: Charles Sherer on a voyage to Succadana with a copy of our Instructions to him & a Lr̃e to y^{e}: King, also a copy of the king's grant which M^{r}: Gullock brought with him y^{e}: last voyage. Wee do not understand y^{t}: Succadana yeilds any pepper now, tho' tis Said it would yeild it as plentifully as Benjar if y^{e}: Natives were incouraged to plant.

Also copies of two paragraphs of Vizagapatam Gen^{ll}: Lr̃es to us dated [. . .] the one relating to Vizagapatam town the other is their proposall of Sending a Factor & writer to Ganjam with y^{e}: Copy of our answer thereunto dat̃: 4th: Ins^{t}: which wee humbly referr to yo^{r}: Excy^{s}: consideration.

Fourty or fifty of our Topas Soldiers have ran from this Garrison in two months dropping away by two or three in a night without Arm or red Cloath they have been wrote to by our french Padre to returne but in vain & tho' y^{e}: greatest part of them lye in S^{t}: Thoma destitute of Employ or Assistance yet refuse to returne unless we will promise them that they shall not be sent from Fort S^{t}: George to Serve y^{e}: Comp^{a}: in any other garrison particularly excepting again[s]t y^{e}: West Coast, this Seems to be y^{e}: reall Cause tho' they do also pretend another Viz^{t}: ℔ Lieutenant Seaton's Severity & yet there are more run from Lieutenant Sinclere's Comp^{a}: than from his whose command they declare themselves very well Satisfyed, & therefore is but a pretence. We have hitherto thought fitt but to Slight them & not to take too much notice of their desertion y^{t}: they may not think wee want them & supply their room with rash-boots &c^{a}: Peons who take their turns to watch with our Soldiers in y^{e}: inner as well as y^{e}: outward ports. If these Topasses do not returne wee Shall not be in a capacity of Sending any further Supply to y^{e}: West Coast this year unless wee receive a Recruit from England, & if they do returne under y^{e}: demanded Condition y^{e}:

case will be y^{e}: Same So y^{t}: wee are resolved not to Condescend to their request but wee are Considering of Some method, but because their objections particularly against y^{e}: west coast Shall grant them that they who goe thither Shall have liberty to returne after two years into this garrison, which will remove the Apprehension y^{t}: prevails So much among y^{m}: Viz^{t}: That when they goe to y^{e}: West coast they are banished for their lives. THE HON^{BLE}: NATH^{LL}: HIGGINSON GOV^{R}: OF FORT S^{T}: GEORGE & PRESID^{T}: OF Y^{E}: COAST OF CORMANDELL BAY OF BENG^{LL}: &^{CA}: FOR Y^{E}: R^{T}: HON^{BLE}: ENGLISH EAST INDIA COMP^{A}: TO Y^{E}: ILLUSTRIOUS PRINCE KING OF SUCCADANA WISHETH HEALTH & HAPPINESS.

I understand by Cap^{t}: Gullock yo^{r}: Majesty's good inclination to y^{e}: English Comp^{a}: & desire of their Settling in your Countrey to prevent y^{e}: Dutch from troubling it. I much pitty many of your Majesty's neighbouring Princes who are reduced to Slavery by their force & treachery whose known policy is to make a difference between two Princes and help one to ruin y^{e}: other & then they bring both into Subjection to themselves I hear they have often Attempted y^{e}: Same practice in y^{e}: great Island of Borneo & though they have not prevailed Yet your Majesty may be assured they only want a fitt opportunity & I think yo^{r}: Majesty takes a very wise course to cure your Self by y^{e}: friendship of y^{e}: English whose business and practice is not to Conquer Country's but to trade friendly & peaceabley & to defend themselves & their friend from y^{e}: Injuries of y^{e}: Dutch. N^{o}: 60.

When Cap^{t}: Gullock went last y^{e}: Gen^{ll}: gave him orders, Soon after which he went into other parts & dyed So y^{t}: I don't understand how he wrote to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: Concerning this business I have Sometime expected Ships to bring Answer but they are not arrived being detain'd as I fear by our warr in Europe. In y^{e}: meantime I have Sent Capt.Gullock back to yo^{r}: Majesty with M^{r}: Charles Sherer on a Surratt Ship to maintaine a friendly correspondence & I hope y^{e}: next year If y^{e}: R^{t}: Hon^{ble}: Comp^{a}: do approve of Settling att Succadana to Send as many Ships as your Majesty will undertake to fill with Pepper or other Comodity's fitt for their business at a reasonable price for y^{or}: Majesty well knows that it will be a great charge & cannott be maintained without trade.

Cap^{t}: Gullock was mistaken in y^{e}: choice of a place for building which as I understand lyes up in y^{e}: river a great way from y^{e}: Sea.

If your Majesty intends y^{t}: wee Should be able to defend your Majesty or our Selves against y^{e}: Dutch y^{e}: fortification must be either upon Some Small Island or point of Land y^{t}: can hinder y^{e}: Dutch Ships from coming into y^{e}: river. Will your Majesty please to Consider of these things & Continue and encrease friendship. God grant your Majesty long life Hon^{r}: & prosperity. Dated in Fort S^{t}: George this 4th day of June 1694.

FORT ST. GEORGE JUNE YE : 4TH : 1694.

To Mr : SIMON HOLCOMBE
CHEIF &CA : COUNCILL ATT VIZAGAPATAM.

No : 61. Our last was ye : 10th : past by Ship Goodhope Accompanyed with 3,000 Pagodos for which goes herewith a Second bill of Lading.

Wee have recd : yours of 7th : & 9th : past the latter accompanying Lres from Bengall & ye : former ye : Copy of your last Contract.

The prices of ye : Europe goods delivered yor : Merchts : on Contract are at least 20 ℔ Cent one with another less than wee Sell here therefore if yo : cannott perswade them to allow the Fort St : George prices or near for ye : remainder of your Europe Cloth &ca : send it to us by the first Ship or vessell of ye : Rt : Honble : Compa : wch : Shall call at your factory or if you meet wth : an opportunity Send it to Bengall & Consigne it to ye : Agent & Councill.

If yo : can prevail with your Merchts : to bring in part of ye : Beteelas Strip'd with narrower Stripes then your Muster & with variety of Small Stripes it will better Sell wth : ye : Europe markett.

By yor : Contract it is provided yt : what Cloth will not Come up to ye : head muster Shall be put to ye : Second if it will reach it, if not to ye : third & if not So good as ye : third to be thrown out & refused but ye : Orders wch : wee last recd : from ye : Rt : Honble : Compa : & ye : Instructions Sent from hence to Vizagapatam last year was yt : all ye : Cloth brought in by ye : Merchts : tho' Inferior to ye : Muster be yet taken in upon abatements proportionable to defect in goodness or measure if not altogether unfitt for the Europe Markett wch : wee order you to observe accordingly.

The Lres wch : wee recd : last from Bengall advise us yt : they intend to Send ye : Princess hither in Septembr : & by ye : prospect they give us of ye : Saltpetre & goods already provided & Contracted for wee depend upon her Coming and She will bring near half her lading of provisions &ca : to be taken aShore here which will require Some time to unlade & ye : Season of ye : year will require dispatch to prevent our being overtaken with ye : Monsoon. Wee doe therefore order ye : Agent &ca : of Bengall to dispatch ye : Princess directly hither that She may not loose time in ye : way.

Wee therefore desire yo : to gett as many bales ready as you can yt : wee may be secure of a Sufficient quantity to Compleat her tunnage. The overplus if any be will find Room enough in ye : Ships which are to follow from Bengall whereof it is very probable yt : one of them may call at yor : factory to fill up in Janry :

You write yt : what time presents you will procure a vessell at ye : Cheapest rate yo : can for Sending your bales hither. By ye : first opportunity advise us what number of bales you think you will have ready & what prospect you have of a Conveyance yt : if occasion requires wee may make timely provision here.

As to what Mr : Holcombe writes Concerning his going to ye : West coast wee can Say no more att present than what wee have written formerly, till wee receive ye : Generall's Instructions.

When yo : advised us yt : yo : would Send us ye : Wheat &ca : Laded from ye : Samuell wee depended upon it, & therefore thought it needless to give you any orders about it but when yo : found your Selves disappointed of a Conveyance & yt : ye : wheat &ca : was So bad as you write in yours of [. . .] & Consequently grow worse & worse every day & in danger of being unluckily Spoilt by expecting our Orders, Wee do not understand why you did not Sell it for what it would yeild as well as Send ye : Same Ship without orders, but besides it is very Strange yt :

that wheat which was landed at Vizag^{m}: Should prove So extreamly worm eaten w^{n}: y^{e}: remaining part which was landed here from y^{e}: Same Ship & from y^{e}: Same parcell proved as good as Bengall wheat ordinary does & Spends well to y^{e}: Last.

In yor^{s}: of 12: ffeb^{ry}: you give us your opinion for Sending a factor & writer to Ganjam for y^{e}: procuring of Cloth & grain &c^{a}. The R^{t}: Hon^{ble}: Comp^{a}: have reduced their Settlem^{ts}: on this Coast to three & expressly order'd y^{t}: no other Settlem^{t}: Shall be made without their owne particular direction & till wee receive that it is not in our power to appoint or approve a Settlem^{t}: at Ganjam. Tho' y^{e}: Argum^{t}: you alledge for it deserves to be Consider'd & wee are Apprehensive y^{t}: y^{e}: private trade as it hath been lately driven at Ganjam &c^{a}: is a reall injury to y^{e}: R^{t}: Hon^{ble}: Comp^{as}: trade on y^{e}: Coast of Gingerlee not only with respect to y^{e}: Irregular managem^{t}: of particular persons who instead of paying Custome have given presents to y^{e}: Goverm^{t}: for permission & dispatch of their business but cheifly with respect to y^{e}: Sorts of Comodity's in w^{ch}: y^{e}: private traders Cheifly deale Such as Rice, Paddy, Gram, butter & Oyle, which when it is exported by y^{e}: Choudry people y^{e}: Choudry does Compell them to pay from 15 to 25 ℔ Cent Custom for which he pays to y^{e}: Seerlascar 15,000 or 18,000 Rup^{s}: ℔ annum Viz^{t}: for Ganjam & y^{e}: other adjust [adjacent?] ports both which yields but a Small part but when private English men or y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Servants drives So Considerable a trade at Ganjam & export by boates & Ships So great part of those Comodity's & Setling themselves under y^{e}: R^{t}: Hon^{ble}: Comp^{as}: privelege refuse to pay him that Custome w^{ch}: he should receive for y^{e}: Same goods if exported by y^{e}: Country people. By this meanes he finds himself accountable of paying his rents to y^{e}: Seer Lascar & therefore frequently Compells y^{e}: private traders to make him presents in [lieu] of Custome, As wee hear he has lately demanded of M^{r}: Holcomb's Servant whom he Sent upon his private business & he refusing to pay y^{e}: Choudry has carry'd him away by force from Ganjam & if he deals thus with y^{e}: Cheif's Servant it will be no wonder if he deales So with others. And it is plain that y^{e}: Choudry is Sensible that this trade is not y^{e}: Comp^{as}: but their Servants or private men's and he will always make y^{t}: distinction while the trade is driven So much to his disadvantage, By a moderate Comp[ut]ation of y^{e}: Ganjam trade this year driven by y^{e}: English has not Amounted to less than 25: or 30,000 Rup^{s}: y^{e}: Custome whereof if exported by his owne people would amo^{t}: to a third part of his rent.

Upon y^{e}: whole it Seems at present Exped^{t}: either to returne all trade at Ganjam or to permitt only So much as is really manag'd for the Account of y^{e}: R^{t}: Hon^{ble}: Comp^{a}: or their Servants of Vizag^{m}: & to be limitted to a Certaine Sum yearly & then probably y^{e}: Choudry would not oppose y^{e}: Comp^{as}: privelidge. There is also a further reason for Such limitation to y^{e}: Comp^{as}: Servts: The trade in grain, butter &c^{a}: if managed with a large Stock does involve y^{e}: Dealers in vanity & multiplicity of business & Acco^{ts}: especially if they deliver out y^{e}: money beforehand So that if y^{e}: R^{t}: Hon^{ble}: Comp^{a}: have occasion for their Service in any other place y^{e}: State of their affairs will not permitt them to leave y^{e}: factory under a yeares time without removing themselves & their family's. And this Seems to be one Cause (tho' his want of health was a reason) why M^{r}: Holcombe cannott goe to Yorke Fort he having transmitted out 40,000 Rup^{s}: among y^{e}: Country people of that Coast as wee are informed.

The R^{t}: Hon^{ble}: Comp^{a}: do give a great Indulgence & freedom in private trade but doubtless they expect that it be So managed as to Comport wth: y^{e}: Publick Interest & to leave their Serv^{ts}: free to remove from place to place as there is occasion for their Service.

As to y^{e}: town rent y^{e}: first thing to be Considered is y^{t}: y^{e}: R^{t}: Hon^{ble}: Comp^{a}: be Secured from Losse w^{ch}: by yo^{r}: prudent managem^{t}: you have effected without y^{e}: Security of y^{e}: Inhabitants by encreasing y^{e}: revenues So much more than your predecessours & you have a prospect of future profitt But notwithstanding all y^{t}: you have ever alledged wee are of opinion y^{t}: while y^{e}: town remains as it is to be rented yearly or at 3 yeares att a rack rent, it is y^{e}: R^{t}: Hon^{ble}:

Comp^{as}: interest y^{t}: y^{e}: rent be not encreased by y^{e}: encrease of y^{e}: revenues their Interest being only to have Gov^{t}: in their owne hands for y^{e}: more Secure & Convenient managem^{t}: of business & for y^{e}: ease of y^{e}: Inhabitants not a profitt by y^{e}: revenues Unless y^{e}: place were fortifyed to Secure y^{e}: Possession of your Emprovem^{ts}: Till when it is better y^{t}: y^{e}: rent & revenues of Vizag^{m}: remaine as they were & under y^{e}: principall inhabitants who by exampling [*sic*] Some of themselves from paym^{t}: of Custome due only abate y^{e}: Amo^{t}: of y^{e}: revenue & they may be permitted to do So while they Save y^{e}: from Loss. When ever your time is expired y^{e}: Duan will probably demand y^{e}: overplus of y^{e}: profitt & will Certainly encrease y^{e}: rent of y^{e}: least as much if not more then y^{e}: encrease of revenue & upon y^{e}: ballance of Accounts y^{e}: R^{t}: Hon^{ble}: Comp^{a}: will not, tho' y^{e}: Duan will be a gainer.

Wee only argue y^{e}: point of y^{e}: R^{t}: Hon^{ble}: Comp^{a}: interest & desire y^{o}: to consider further & give us yo^{r}: opinion as well to y^{e}: town rents as y^{e}: Setlem^{t}: at Ganjam, but wee do not positively resolve or order any thing but Shall referr y^{e}: determination to his Exc^{y}: y^{e}: Gen^{ll}: & y^{e}: R^{t}: Hon^{ble}: Comp^{a}: nor would wee be understood to blame or discourage M^{r}: Holcomb's industry in endeavouring to promote y^{e}: revenues & whether y^{t}: be Convenient or no yet y^{e}: encrease of Washers, Weavers Artificers & Such Inhabitants as will be usefull & Serviceable in y^{e}: R^{t}: Hon^{ble}: Comp^{as}: business is without doubt to be encouraged & presented. Wee have Sent y^{e}: a Copy Chaupd by y^{e}: Cozee by y^{e}: Brigantine Acheen Merch^{t}: Cap^{t}: Masfin Master who calls at Vizagapatam.

The stop on trade Seemeth to be one principall reason w^{ch}: moved y^{e}: late Comissary Gen^{ll}: to withdraw y^{e}: upper factory's & y^{t}: being removed wee see no reason why y^{o}: may not as y^{o}: propounded to Send one of y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Servants to each factory where y^{o}: think most Convenient for buying fine goods for y^{e}: present occasion but y^{e}: resettling of y^{e}: factory's is a matter of great moment & is not to be undertaken without due consideration & y^{e}: Generall's orders. Wee therefore recomend particularly to you to give your thoughts in writing of y^{e}: measures to be taken in resettling y^{e}: factory's in Such manner as to prevent all former irregularityes which wee will transmitt to y^{e}: Generall.

The Husbulhookum tho' it cost So much money yet will pay its own charges by your receiving of goods in due time & by removing y^{e}: necessity you were under of bringing your goods down in y^{e}: name of Merch^{ts}: trading to Surratt &c^{a}: & will Consequently Save what they might have paid extraordinary w^{ch}: would have amounted to a Considerable Sum on y^{e}: whole Investment.

You advise us y^{t}: upon taking off y^{e}: Stop of trade you can Sell Europe cloth & Lead but dont advise y^{e}: quantity. But y°: Vacqueel varies So much from his owne Agreem^{t}: & pretending y°: Cozees Chaup cannott be procur'd do's instead thereof produce a paper attested by Severall Armenians Importing y°: ⅔ P^{ts}: did belong to Mahmood Chellaby's Pann's alledges that y°: Armenian Attestation is not Sufficient & that nothing will Secure him against Coja Menas demand but y°: Cozees Chaup or y°: Acknowledgem^{t}: of y°: heires of Coja Menas. TO NABOB ZULPHAKER CAWN. JULY Y^E^ : 16^TH^ : 1694.

The Perwanna w^ch^ : yo^r^ : Excell^cy^ : Sent me for the Confirming those towns which your father the Grand Vizier granted to y^e^ : Hon^ble^ : Comp^a^ : I rec^d^ : with Honour. I have Accordingly taken those towns into my possession lately you wrote me a parwanna about y^e^ : Cure of Selyman Cawn & have According to your desire procured him a good Doctor by whom he finds himself Something better. I am att all times ready & willing to Serve y^e^ : King & his Subjects & Serv^ts^ : Since Allumgeer has conquer'd these parts wee have & do Still continue to give y^e^ : Kings Serv^ts^ : protection in these Moratta troubles. Our people has never wronged nor injured any Subjects of his Majesty, but they on y^e^ : Contrary have injured us, which I patiently bare out of respect to your Ex^cy^ : & they have not to this very day been robbed or defrauded by any in our Towne nor is any of my Inhabitants So daring or Couragious as to robb or plunder any of y^e^ : Kings Soldiers or Serv^ts^ : Likewise Every Trooper has a Serv^t^ : or two under him & if his Serv^t^ : wrongs him of 5 Rup^s^ : imediately they mistake & Say y^e^ : Inhabitants has robbed him of a 100 Rup^s^ : now there is one of y^e^ : Kings Serv^ts^ : named Meer Mahomud who came here by Meerza Mossum & Sheake Abdulas meanes & lived in one of y^e^ : gardens & pitched his Tent & Cannatas round it there & for three days together our watching Peons were for Searching him before he came into towne which they did & found nothing nigh what he now pretends to have lost y^e^ : next morning he wrote me a note that the rogues had tore his tent to make their way into y^e^ : Tent where his Chest was & that he was robbed of his Jewells & goods to a great Amount & they belonged to y^e^ : Nabob. Upon this I Sent my Servants to inspect into y^e^ : business who were told by him that his Serv^ts^ : lay downe where y^e^ : Chest was & he on the other Side & his other Serv^ts^ : without round about y^e^ : Tent. This Seems to me to be a very Strange thing, May it please your Exc^y^ : if I refuse to lett them come into towne itt looks & is taken ill & when they are admitted into town I have the misfortune to have a false report raised on y^e^ : towne. Therefore I desire your Exc^y^ : will be pleased to take this into yo^r^ : Serious consideration & order y^e^ : King's Serv^ts^ : up to y^e^ : Camp where they may be usefull to yo^r^ : Exc^y^ : & not permitt them to lye idle here & for y^e^ : future y^t^ : y^o^ : will be pleased not to permitt any persons to repair here without your Dustick & hope your Exc^y^ : will grant us Such a Perwanna as to produce on Occasion then wee Shall be clear from trouble your Exc^y^ : being our Protector is the reason of my writing this. FORT S^{T} : GEORGE JULY Y^{E} : 16TH : 1694.

May itt please Your Excell^{cy} :

N^{o} : 78. Our last was dated 11th : & 22^{d} : past copy whereof & y^{e} : List of y^{e} : Pacquett comes Inclosed with copy's of Issa Cooley's two L$\tilde{r}$es & of y^{e} : Husballhookum for Bengall. Wee acknowledge y^{e} : receipt of a Letter from your Exc^{y} : d$\tilde{a}$t : 4 : Aprill last & our great omission in not taking notice of it in our last Gen^{ll} : L$\tilde{r}$e being rec^{d} : on y^{e} : 30th : Aprill by a Country Brigantine. Wee congratulate your Exc$^{y's}$: Arrivall in India & daily hope to hear of your Safe Arrivall att Bombay and Surratt & if during your Stay there yo^{r} : Excellc^{y} : think it requisite that wee Send you the Copy's of our Consultations Acco^{ts} : Cash or other Acco^{ts} : it Shall be done.

The Dutch had lately given out a report y^{t} : y^{e} : Malays had Seized Yorke Fort & y^{t} : y^{e} : R^{t} : Hon^{ble} : Comp^{as} : Serv^{ts} : were all gone to Batavia on a Dutch Ship. But it proves false a Country Ship y^{e} : S^{t} : Cajetan, William Brooks Master, in his Returne from a trading voyage att Java &c^{a} : call'd att Yorke Fort & departing from thence on y^{e} : 6th : June & arrived here y^{e} : 14th : Ins^{t} : which brought us a L$\tilde{r}$e dated y^{e} : 2^{d} : June 94 Signed only by M^{r} : Fleetwood Copy whereof comes inclosed w^{ch} : gives us no Acco^{t} : how affairs Stand there. By y^{e} : Copy of our Gen^{ll} : L$\tilde{r}$e to Yorke Fort p^{r} Shipp Royall James & Mary Sent y^{o} : y^{e} : 27th : March yo^{r} : Exc^{y} : understands what orders wee then Sent for y^{e} : displacing M^{r} : Fleetwood & appointing M^{r} : Wilson Gov^{r} : & M^{r} : Betts Second but there has hapned a double disappointment in y^{e} : death of M^{r} : Wilson & [y^{t} : on] Arrivall of M^{r} : Betts who was intended a provisionall Successour to M^{r} : Wilson till another could be Sent So that M^{r} : Fleetwood remains till y^{e} : Arrivall of M^{r} : Betts possessed of y^{e} : Garrison & y^{e} : R^{t} : Hon^{ble} : Comp^{as} : estate there after he has notice of his being displaced & itt does appear by y^{e} : L$\tilde{r}$es from y^{e} : Severall Rajahs (the translate whereof is inclosed). That he has entred into a Combination with them of a dangerous Consequence. If they persist in their [declared] resolution of leaving y^{e} : place if he be removed Cap^{t} : Buck is greatly blameable that he has not given us one word of advise otherwise than in one private L$\tilde{r}$e. Att present wee know not what to resolve wee have no fitting person to Send Gov^{r} : nor have wee a Vessel nor is there any Mexico Doll^{rs} : procurable besides 'tis our opinion y^{t} : an Europe Ship or two with good force & appearance is necessary but if y^{e} : Europe Ship do not arrive time enough to go in October wee have no expedience but to Send y^{e} : Hawk from Benga^{ll} : to he dispatch't from thence in y^{e} : latter end of August or y^{e} : beginning of September. If they can So Soon lade on board her 2000 : baggs of Saltpetre & a

few bales of cotton yearne & Some provision for y^{e}: West coast & upon her arrivall here to proceed thither & be dispatched from thence for Europe, if pepper procurable if not to returne hither or to Beng^{ll}: for compleating her tunnage. This resolution would be attended with too many uncertainty's to depend on because y^{e}: Season of y^{e}: Monsoon do's not favour & y^{e}: Ship's Charterparty time will expire too Soon Viz^{t}: 20th: Janr^{y}: next, If wee order y^{e}: Hawke to proceed directly from Beng^{ll}: to Yorke Fort there is no body to proceed upon her, nor can wee tell what orders to Send, nor will y^{e}: Monsoon permitt her timely returne to Bengall. However wee have resolved by y^{e}: first opportunity to Send our orders to y^{e}: Agent &c^{a}: for y^{e}: Hawks being dispatched thither So Soon as y^{e}: Season will permitt & So Soon as they can lade aboard her 2 or 3,000 baggs of Saltpetre & Cotton Yearne &c^{a}: Courser goods leaving room for So much pepper as they Shall receive Advice by y^{e}: Royall James & Mary to be procurable & to proceed from thence to England but if there Shall happen a disappointm^{t}: in her Lading that She call here to fill up. Her Lading att Yorke Fort will be y^{e}: better Secured If the Agent &c^{a}: of Bengall can Send a Chest or two of Dollars for fear they Should be out of Cash, & y^{t}: will be y^{e}: best Season of y^{e}: year for buying Pepper. The reasons of this resolution are, first Wee order'd the Gov^{r}: & Councill of Yorke Fort in our last letters to send particular advice to Beng^{ll}: by y^{e}: Royall James & Mary what quantity of Pepper procurable after her dispatch by which advice y^{e}: Agent &c^{a}: will be directed whether to Send y^{e}: Shipp or no & tho' M^{r}: Fleetwood gives us no Acco^{t}: yet the Master of y^{e}: Country Ship which came lately from thence does affirme y^{t}: when he was there the Rajahs did engage to M^{r}: Fleetwood to procure a large quantity of pepper & by y^{e}: assurance of all other persons it Seemed probable that they would Comply & that they had then a Considerable quantity ready att [P]riamong tho' none in y^{e}: Goedowns att Yorke Fort having Spared all [they] had to private Ships to Supply themselves wth: money. 2^{dly}: If She proceeds She will carry a Supply of Bengall provisions which wee have now no prospect of Sending otherwise. 3^{dly}: By that meanes y^{e}: Hawk's lading will be procured at a cheap rate & there will be a better Stock left in Bengall for Compleating y^{e}: Royall James & Mary's large tunnage. 4th: The frequent appearance of Europe Shipping on y^{e}: Coast is of great Importance to y^{e}: Continuance of the Settlem^{t}:, wee have no advice of Ships to come out this year & therefore cannott be certain of their coming or if any come wee cannott tell but they may arrive here as late this year as they did the Last.

After all upon y^{e}: Supposition of the miscarriage of y^{e}: Madapollum. Wee esteem it necessary to Send our orders directly thither as Soon as wee can with y^{e}: most fitting person to See them executed, but wee have no Ship or vessell of y^{e}: R^{t}: Hon^{ble}: Comp^{as}: The Pearle is not yet returned from Tonqueen, y^{e}: Madapollum wee cannott yet expect from y^{e}: West coast So Soon as wee order'd & y^{e}: Brigantine is with your Exc^{y}: & wee Suppose cannott come hither till Janr^{y}: or feb^{ry}: So that if wee Send wee must either hire or buy unless there Shall Suddainly happen an opportunity by Some Country Ship bound on a trading voyage to y^{t}: Coast & y^{e}: Coast of Java of which there is Some probable prospect & Shall gladly make use of it to Save y^{e}: charge of buying or hireing & therefore att present can give yo^{r}: Exc^{y}: no further Acco^{t}: of our Intended proceedings but thought it necessary to dispatch this advice without further delay.

If yo^{r}: Exc^{y}: Shall not find one to employ M^{r}: Brabourne on y^{e}: Coast of India, wee humbly propound it to yo^{r}: Consideration y^{t}: he may be appointed Gov^{r}: of Yorke Fort attaining [*sic*] him a fitter person for y^{e}: employ than any in the R^{t}: Hon^{ble}: Comp^{as}: Service here.

Serjeant Read came to us by y^{e}: Country Brigantine & according to yo^{r}: Exc$^{y's}$: directions hath rec^{d}: his pay from y^{e}: time of y^{e}: Armenian Merchant's Arrivall.

Inclosed is a Copy of a paragraph of a Lett^{r}: from Cap^{t}: Buck to M^{r}: Dolben wherein wee observe he greatly commends M^{r}: Fleetwood and So do all y^{e}: rest of y^{e}: Masters of Ships whom he hath Constantly Served more Industriously

then ever he did y^e^: R^t^: Hon^ble^: Comp^a^: & therefore it is no wonder they give him their good word.

Wee order'd y^e^: Gov^r^: & Councill of Yorke Fort to advise y^e^: by y^e^: Royall James & Mary what Pepper they Shall have prospect of procuring after her dispatch to you And if they give Such an Account that you can rationally depend on a Considerable quantity in due time dispatch y^e^: Hawke thither with two or

three thousand bags of Saltpetre & as many bales of Cotton yearne Gurras &c^{a}: Courser goods as to leave roome for So much pepper as they Shall advise y^{e}: to be procurable which vacancy lett be filled up with rice butter Oyle Arrack to be delivered att Yorke Fort & when y^{e}: Ship is laden with pepper to proceed for England, but if there Shall happen a disappointment in her Lading att y^{e}: West-coast So as to occasion her returne here & fill up. The Sooner y^{e}: can dispatch her from Bengall y^{e}: more time She will have at y^{e}: West coast for Accomplishing her lading & for y^{e}: Same reason it is necessary that y^{e}: Send two or three Chests of Dollars (for fear of their being out of Cash att Yorke Fort) to enable them the better to buy if occasion require for which that is y^{e}: best Season of y^{e}: year otherwise She may be disappointed of her Lading therefore if you have no Dollars you may buy them tho' you borrow the money (but remember to Send none but Mexico or Sivill Dollars) & you may well afford to disburse the money for by this meanes you acquitt your selves of that Ship's Tunnage, att an easy rate & yo^{r}: Stock will remaine So much y^{e}: larger for compleating y^{e}: tunnage of y^{e}: Royall James & Mary.

Wee referr it to y^{e}: to Send y^{e}: necessary advices to Yorke Fort & Send them y^{e}: Ships charterparty & put them in mind of y^{e}: Comd$^{r's}$: obligation to assist them with a certain number of men by Sea or Land & y^{t}: y^{e}: Ship's Charterparty time do's expire on y^{e}: 20th: January. Wee have rec^{d}: yo^{rs}: of 12th: Ins^{t}: wth: Severall Inclosed papers as ℔ List. N^{o}: 80.

You advise y^{t}: 530 Weavers are come into yo^{r}: bounds & propound as a probable means of keeping them to abate y^{e}: Loome rents Amo^{ts}: to Pag^{e}: 11: 1: 2 ℔ month. The [keeping] of a great number of Weavers would be a vast advantage to y^{e}: R^{t}: Hon^{ble}: Comp^{as}: business & would be incouraged by all propper meanes & if there were no other way to effect it wee think it would be more for the R^{t}: Hon^{ble}: Comp^{as}: Interest to forgive than to receive that Small Sum. But our Masters are So very Strict in y^{e}: point of revenues y^{t}: if any other way could be found out to excuse y^{e}: abatem^{t}: of y^{e}: revenues it would be much more Eligible or att least Some bargain made with them that may appear to be So advantageous. Cause an Acco^{t}: to be taken of y^{e}: Number of each Sort of Weavers. Viz^{t}: Longcloth Weavers Beteelas Weavers &c^{a}: & Send for their Heads & propound to them y^{e}: Constant imploying them throughout y^{e}: whole year for y^{e}: R^{t}: Hon^{ble}: Comp^{a}: & to take off all y^{e}: cloth they weave att a certain price by Muster which if they will be obliged to they may receive an Incouragem^{t}: in y^{e}: price which may be afforded more than they used to receive in y^{e}: Country. It is probable your merchants would obstruct Such a designe unless they can be engaged by their owne Interest to promote it by allowing them a Comission for gathering in y^{e}: Cloth which it may be they can do better than yo^{r}: owne Servants.

This matter deserves good Consideration lett us have your further opinions as Soon as you have discoursed y^{e}: heads, but if y^{e}: find a present necessity to Secure the Weavers either from their returning to their former habitations or being decoyed to Pullicherry, Wee leave itt to y^{e}: to give them such Incouragem^{t}:

as you Shall find most effectuall without staying for our further direction being apprehensive it is a matter of great Importance y^{t}: they may be continued within yo^{r}: bounds.

The Commander of y^{e}: Portugeze Ship has not yet made any demand of y^{e}: money y^{o}: mention to have been deposited with you.

The Ship which you have heard was at Batavia is a Permission Ship whereof M^{r}: Gough is Supra Cargoe bound for China.

Wee can by no meanes yeild y^{e}: point to y^{e}: Bishop of S^{t}: Thoma that he Shall have Authority to Impose his Vicars att Cuddulore & therefore wee do positively order that Padre Paulo de Soa do within 24 hours after receipt hereof depart your bounds. If he be not gone before. He has had too much time already given him to do mischief & [as] event proves it, better y^{t}: he had been Sent away Sooner & tho' [Sen^{r}:] John Ferreira or other Portugeze Inhabitants Merchants would be encouraged to Stay yet wee must rather part with y^{e}: whole nation then adjust Such a foreign Authority of So dangerous Consequence & therefore tho' M^{r}: Haynes has never So much reason to think (against y^{e}: opinion of y^{e}: rest of y^{e}: Councill) that Padre Paulo de Soa do's behave himself [inoffensively] yet he being y^{e}: ℔son that the Bishop of S^{t}: Thoma has pitched upon & dos mind upon his Continuation Wee therefore think it necessary that he be not permitted to reside longer among you That y^{e}: Bishop may understand wee will not allow of his pretended Authority.

Our last was dated y^{e}: 2^{d}: August Copy whereof comes inclosed wth: Copy of our former dated 22^{d}: July relating to Ship Hawk's proceeding to y^{e}: West coast w^{ch}: wee Confirme not knowing any reason against it.

The R^{t}: Hon^{ble}: Comp^{a}: having in their Gen^{ll}: Lr̃es last rec^{d}: Appointed y^{e}: Gen^{ll}: of India to fill up y^{e}: Councill of fort S^{t}: George & the Generall's Comission giving y^{e}: Presid^{t}: power to act in his absence & his Exc^{y}: S^{r}: Jn^{o}: Gayer now Generall of India having given Such directions to y^{e}: Presid^{t}: y^{e}: Presid^{t}: hath Chosen M^{r}: John Styleman M^{r}: Thomas Wright & M^{r}: Charles Barwell into y^{e}: Councill which is y^{e}: reason of their Subscribing & M^{r}: Dolben is dismissed y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Service which is y^{e}: reason that he doth not Subscribe.

Wee are advised from Vizagapatam that they have Sent you redwood & broad Cloth on Ship Tankred Amo^{t}: to Pag^{es}: [. . .] for w^{ch}: give us creditt according to y^{e}: Inclosed Invoice.

On y^{e}: 6: past wee rec^{d}: a L$\tilde{re}$ from his Exc^{y}: S^{r} John Gayer Generall of India dat$\tilde{}$: 12: June advising his Arrivall att Bombay on 17th: May with Ships Defence & Resolution. Presid^{t}: Harris dyed y^{e}: 10th: May & M^{r}: Annesly Succeeded Presid^{t}: The Henry is gone as Supposed to Muscatt & have left behind her 3,00,000 Rup^{s}: Seized by the Kings order & officers & y^{t}: all will be Confiscated That y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Charter is Confirmed by the King & their Stock doubled (which is also Confirmed by Gazetts rec^{d}: from Persia dat$\tilde{}$: in Nov^{r}: Last which give unquestionable Acco^{t}: of y^{e}: Steps by which twas done) that y^{e}: Resolution & Defence will be dispatched full Ships in December. It is y^{e}: Generall's opinion that the R^{t}: Hon^{ble}: Comp^{a}: will Send out a Considerable Stock this year & y^{t}: wee ought to be in a readiness to receive & employ it.

Wee hear nothing yet of any English Ship arrived y^{e}: Cheif &c^{a}: of Vizagapatam by their Generall L$\tilde{re}$ dat: 28: Augst: advise us of a Ship Seen at Ganjam y^{e}: 19: D^{o}: Supposed to be a french man. Wee Send you y^{e}: Copy of the paragragh of y^{e}: L$\tilde{re}$ which y^{o}: may Communicate to y^{e}: Dutch & is all wee know, but have ordered them to give you a further Acco^{t}: by this Conveyance tho' doubt not but you will have the news before. If it were a french Ship & Governe yo^{r}: Selves Accordingly in y^{e}: dispatch of Ships either single or in a fleet wherein you may Consult with the Dutch.

Upon y^{e}: Supposition you would According to yo^{r}: former advices dispatch y^{e}: Princess to us in August or Sep^{t}: wee ordered a vessell to Vizagapatam to bring their bales hither, because y^{e}: ordering of y^{e}: Princess to touch there at that time of the year would have hazarded her passage & wee are advised of the said vessell & that they were Ready to dispatch her with 350: bales but if you Shall not have dispatched the Princess to us before y^{e}: change of y^{e}: Monsoon give the Commander orders to call at Vizagapatam & take in what bales or goods they Shall have in readiness & give the like order to any other of y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Ships If y^{o}: Shall have occasion to Send any hither in the time of y^{e}: Northerly Monsoon. The rather because they advise us that the neighbouring Rajah (The Same who formerly cutt off that factory) his revolting from the Seerlascar & gathering an army to joyn with Sumberdu, and if there Should follow any trouble or danger to y^{e}: factory an Europe Ship may be Serviceable on Such an Occasion, Wee have ordered M^{r}: Holcombe &c^{a}: to advise you if they apprehend any trouble & in that Case if none of y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Ships Shall Come this way you may order the private Ships bound for this port in y^{e}: Northerly Monsoon to touch there because if there be never So great Occasion wee can Send none from hence. Rice is now very dear & Scarce on all y^{e}: Coast of Coromandell tho' God be thanked much Cheaper here than in the neighbouring parts but if wee have not rain Suddainly there must ensue a great Scarcity if not a famine. Therefore take all opportunity to Supply us with rice; & encourage private traders therein.

Send a L$\tilde{re}$ to Surratt time enough for y^{e}: R^{t}: Hon^{ble}: Comp^{a}: to be Sent by their Ships in December give them the necessary advices Copy's of which & all other L$\tilde{re}$s may probably go from hence in Feb^{ry}: or March by the Armenian Merch^{t}: Wee are

N^{o}: 98. Wee have rec^{d} : yo^{rs} : of y^{e} : 19th : Ins^{t} : & are very Sensible that the fear of a famine may make both yo^{r} : Weavers & Merchan^{ts} : backward in Contracting for an Investment & therefore if you Can bargain with yo^{r} : Weavers for the price of

Cloth tho' it is necessary to insist in yo^{r}: bargain a quantity to be yearly furnished with, yet you may allow them to make a provision for y^{e}: failure of y^{e}: quantity if occasioned by warr or famine.

Wee are of yo^{r}: opinion y^{t}: it is best y^{t}: Some be responsible for y^{e}: money delivered & think y^{t}: y^{e}: heads of y^{e}: Weavers are most propper & they may be allowed a Consideration for it either by y^{e}: Weavers out of the price or by yo^{r}: Selves above y^{e}: price & y^{t}: will be the most effectuall way to fix y^{e}: whole Cast in the R^{t}: Hon^{ble}: Comp^{as}: Service but if the heads of the weavers will not undertake it is probable y^{e}: Merch^{ts}: will but if neither of them will, y^{o}: may Employ Conicoply's & Peons to deliver y^{e}: money & receive y^{e}: Cloth from particular weavers rather than lose the opportunity.

Wee have Sent Peons with money as far as Ramapatam to enquire after & assist Mochdum Nino's Sloop on which y^{o}: advise us y^{o}: have laden Indigoe.

No: 102.

Wee know of no Effects here belonging to y^{e}: Late Presid^{t}: Harris. M^{r}: Fraser long time Sent him a Letter of Attorney for receiving rup^{s}: [. . .] due from the late Generall Child to M^{r}: John Gray dec^{ed}: with orders to pay y^{e}: Same into y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Cash that M^{r}: Gray's debt to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: might be cleared. To His Exc^{cy}: S^{R}: John Gayer

May it please yo^{r}: Exc^{y}:

Our last was dated 16th: July Copy whereof comes Inclosed. On y^{e}: 6: past wee rec^{d}: one da^{t}: 12th: June Signed by yo^{r}: Exc^{y}: & M^{r}: Wildon in answer to ours of 16: Feb^{ry}: advising yo^{r}: Exc$^{y's}$: Safe arrivall att Bombay with y^{e}: Defence & Resolution y^{e}: good prospect of dispatching them full laden in Decem^{r}: the Confirmation of y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Charter & y^{e}: healthfullness of Bombay Island for which good news God be thanked. Wee take notice of yo^{r}: Exc$^{y's}$: order for being in a readiness to receive y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Commands by y^{e}: next Ships & have written accordingly to Bengall & Fort S^{t}: David: Wee yet hear of no Ship arrived from Europe in any part of India only wee are advised from Vizagapatam y^{t}: on y^{e}: 19th: Augst: a large Ship appeared before Ganjam under Dutch Colours & afterwards put out English Colours & Sent a boat towards a Small Country English Ship lying there at anchor who Cutt & got over y^{e}: barr but was after cast aShore & lost. The boat returned to y^{e}: Ship & y^{e}: Ship Stood away to y^{e}: Northw^{d}: but next morning (y^{t}: or another) appeared at anchor to y^{e}: Southward & Sailed away to y^{e}: Northward Since w^{ch}: our Portugeze neighbours give out a report that there are 3 or 4 french Ships who at Sea meeting with Intelligence y^{t}: Pollicherry was taken are gone to Negra[is], but how y^{e}: news came or could come is not understood nor beleived. No: 103.

Yo^{r}: Exc^{y}: Informing us that M^{r}: Annesly Succeeds Presid^{t}: of Surratt wee now write him accordingly.

The last Lr̃e wee have rec^{d}: from Beng^{ll}: was dated y^{e}: 1: May only informing that they had Contracted with Muttradas for 15000 Rup^{s}: & were Contracting with other Merch^{ts}: for y^{e}: remaining Stock. That the Hawke arrived there 21: Aprill & referr us to future advices which wee hoped to have rec^{d}: by Country Shipping which were ready there to take y^{e}: first opportunity of winds, but Contrary to y^{e}: common course of other yeares, wee have yet had no northerly winds till this day & y^{e}: Current Setting Constantly to y^{e}: North^{wd}: So y^{t}: wee expect not to Send yo^{r}: Exc^{y}: their advices by this Cossett, M^{r}: Eyres is Settled Agent without any opposition.

Our last Lr̃e from Vizagapatam da^{t}: y^{e}: 28th: past adviseth y^{t}: Citteram a neighbouring Rajah (who formerly cutt off y^{t}: factory) is joyned with 5 or 6000 to Sumberda in a revolt against y^{e}: Syllascar upon w^{ch}: occasion they have put y^{e}: factory into y^{e}; best posture of defence & drawn back y^{e}: money they had deliver'd to the Merchants. Wee daily expect further advice by a Brigantine Sent thither for their bales which they were then lading aboard, having in readiness about 350; & wee depend on them for a further Supply for Jan^{ry}: but if Citteram prevailes against y^{e}: Seerlascar there will be no further Investm^{t}: there till y^{e}: trouble is over and if it Continues wee begin to fear wee Shall not be able to perform much on y^{e}; Coast for y^{e}: next Shipping. For besides the desolation which yearly encrease upon these parts of the Country by y^{e}: long Continued warr between y^{e}: Moors & Moratto's (whose army lye all wast whereever they goe) there is great apprehension of a Scarcity if not a famine for want of rain in it's due Season having had none yet. Paddy formerly before y^{e}: famine was near 100 Mercall for a Pagodo. This year it has not been cheaper here then 22 & is now at 14: & would presently be as dear again, did wee not take care to govern y^{e}: Sale & price for y^{e}: equall Supply of y^{e}: Inhabitants. The Country round us are already reduced to Such want, That great numbers daily flock hither for Provisions. This great difference in y^{e}: price of Paddy y^{e}: universall food must make a difference in y^{e}: plenty & price of manufactures, & will make cloth Scarce & dear & Cause y^{e}: Merchts: to avoid Contracts So y^{t}: if y^{e}: Scarcity do's Increase wee Shall be forced to buy up Such Cloth as can be gott of all Sorts for wee Shall not be able to make any Considerable provision by Contract on y^{e}: Coast, or else must remitt our Stock when it Comes to Bengall.

Wee write this not by way of Complaint or to magnifye our difficulty's &c^{a}: but because y^{s}: Concerns y^{e}: dispatch of next year's business & wee ought to acquaint yo^{r}: Exc^{y}: with our thoughts that wee may receive yo^{r}: directions So far as you think fitt to give them.

On y^{e}: 18: Ins^{t}: wee rec^{d}; a Lr̃e from M^{r}: Brabourne & Acworth da^{t}: 5: Augst: advising a Contract made wth; y^{e}: Queen of Attinga for a fortification at Anjengo & for all y^{e}: Pepp^{r}: on her Countrey. The Copy of which Comes herewth: not knowing whether y^{e}: Season of y^{e}: year will give them an opportunity of Sending their advices to yo^{r}: Exc^{y}: So Soon together with y^{e}: Copy of our answer thereunto.

Wee have heard nothing from Tonqueen of y^{e}: Ship Pearle Since her departure from Acheen outward.

Wee Send yo^{r}: Exc^{y}: a Duplicate of our Gen^{ll}: Lr̃e to y^{e}: R^{t}: Hon^{ble}: Comp^{a}: da^{t}: 15th: Sep^{t}: 94. Sent by y^{e}: Danes Ship recomended by the Gov^{r}: &c^{a}: of Tringombarr to y^{e}: Royall Danes Comp^{a}: for Conveyance & pray yo^{r}: Exc^{y}: to Send y^{e}: Same by yo^{r}: next Ships before whose departure it's probable wee may Send another if y^{e}: Princess Shall arrive timely wth: us from Ben^{ll}:

Yo^{r}: Exc^{y}: having given us yo^{r}: opinion y^{t}: y^{e}: Presid^{t}: is by y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Comission impowerd to act on this Side India as much as S^{r}: Jn^{o}: Goldsborough could doe were he alive & in yo^{r}: Lr̃e to y^{e}: Presid^{t}: particularly directed him to fill up y^{e}: Councill of Fort S^{t}: George which was necessary to be done because our number So very few & y^{e}: R^{t}: Hon^{ble}: Comp^{a}: having given their orders 'tis probable they do expect us to understand y^{e}: Issue

thereof before they will make a farther provision therefore y^e^: Presid^t^; hath Chosen M^r^: John Styleman M^r^: Thomas Wright and M^r^: Charles Barwell into y^e^: Coun^ll^: concerning which wee Send yo^r^: Exc^y^: y^e^: Copy of our Consultations wherein Some of the Gentlemen then of y^e^: Councill having made Some objections or Scruples Yo^r^: Exc^y^: will find y^e^: matter reformed to yo^r^: Censure.

In our last it is noted y^t^: M^r^: Dolben had promised to deliver y^e^: State of y^e^: Case between y^e^: R^t^: Hon^ble^: Comp^a^: & y^e^: late Presid^t^: Yale w^ch^: he delivered on y^e^: 13: July M^r^: Fraser one of y^e^: assistance making Such remarks thereupon as imported his disent from y^e^: Judge in many materiall points M^r^: Hatsell y^e^: other assistant was Sent for from Fort S^t^: David who also gave in his remarks of like nature. The Presid^t^: upon y^e^: perusall thereof found occasion to propound severall observations to y^e^: Consideration of y^e^: Councill on y^e^: 25: Aug^st^: to which M^r^: Dolben gave in an answer on y^e^: 30^th^: d^o^: which not being Satisfactory y^e^: Presid^t^: offered his farther thoughts thereon on y^e^: 3^d^: of Sep^t^: & upon y^e^: whole wee were unanimously of opinion y^t^: M^r^: Dolben had not dealt fairly with y^e^: R^t^: Hon^ble^: Comp^a^: in y^t^: tryall particularly introducing y^e^: Statute of limitation in Such Cases & Surprized y^e^: assistants into a Consent by y^e^: Suddain Starting thereof att y^e^: Same time hapned also a farther discovery made by Vincatte Chitte Ancho & Pedano whereby it did appear to us y^t^: M^r^: Dolben did receive P^a^: 400: for y^e^: releasing of Ancho for which & other reasons it was our unanimous opinion y^t^: M^r^: Dolben be dismissed from y^e^: R^t^: Hon^ble^: Comp^a's^: Service & therefore by vertue of an order in y^e^: R^t^: Hon^ble^: Comp^as^: Gen^ll^: L^re^ of y^e^: 10^th^: Aprill 1692 Paragraph y^e^: 28: wee have dismissed him & their Hon^rs^: having Sent a Commission da^t^: 10^th^: Aprill 93: appointing M^r^: Will^m^: Fraser Judge & revoking M^r^: Dolben's former Comission & having directed in a Separate L^re^ of y^e^: Same date y^t^: y^e^: Same be made use of as occasion require wee have delivered this Said Comission to M^r^: Fraser & he is now Judge of y^e^: Court of Admiralty in y^e^: room of M^r^: Dolben copys of all y^e^: pap^rs^: relating to y^e^: S^d^: tryall & Copy's of our Consultation relating to M^r^: Dolben comes herew^th^:

29 September 1694.

The expected Brigantine from Vizagapatam arriving this day w^th^: bales brings advice y^t^: y^e^: Rajahs persist in rebellion against y^e^: Seerlascar & y^t^: y^e^: Ship which appeared at Ganjam is generally Supposed to be y^e^: Royall James & Mary in her passage from y^e^: West Coast to Bengall because Some y^t^: Saw the Ship Saw none but English Colours & y^e^: boat Sent to Speak with y^e^: Ship was mannd only with Rowers. Wee write these particulars tho' uncertain because y^e^: news of french Ships will probably be Spread as farr as Surratt.

This day M^r^: Styleman was chosen Mayor of y^e^: Corporation having Served in y^t^: office Since December 1692.

October y^e^: first 1694.

This day a private Ship arriving from Beng^ll^: brought us a gen^ll^: L^re^ from y^e^: Agent &^ca^: da^t^: 22^d^: Aug^st^: last with Copy of a Lett^r^: Sent us over land, & not rec^d^: dat: 31^st^: July wherein they give a particular Acco^t^: of goods contracted for to y^e^: Amo^t^: of 670000 Rup^s^: whereof wee find but 26000: maunds of Saltpetre Contracted for besides 10000: Maunds before in their possession which falls a little Short of whatt they formerly advised, Some of their Merchants having failed in their promises & y^e^: present Nabob of Patna So much Incensed by y^e^: Loss of his Ship in y^e^: late warr y^t^: they dare not venture any thither but in generall their business goes on Currantly by their receipt of y^e^: King's Husbulhookum taking off y^e^: Stop on trade.

That they were ready to dispatch the Princess to us in August but y^e^: Pilots would not take Charge of her till Novem^r^:

That y^e^: Gov^r^: of Hugly hath put a full Stop to y^e^: Interlopers business for want of y^e^: Duan's order which y^e^: Interlopers cannott obtaine tho' they have Sent their Vaqueell to Decca & proferr'd 4000: Rup^s^: yearly for liberty of factors & trade custome free.

That they have great hopes of Muttradas'es being true in frustrating the Interloper & forwarding the Investment.

That they daily expect Mr: Braddyll from Malda & Mr: Charlton from Decca with all ye: Rt: Honble: Compas: effects.

In ours of ye: 22d: June last wee Sent yor: Excy: a Copy of our Letter to Bengll: dat: 19th: Do: wherein wee recomended to them to Consider & give us their opinion of ye: measures to be taken in resettling ye: factory's in Bengall whereunto they have Sent us an Answer in Severall paragraphs of their Letter of ye: 31st: July. Copy whereof Comes Inclosed with ye: Copy of their Letter dat: 22: Augst: cheifly relating to passages between ye: factory & ye: Interlopers occasion'd by seizing one messinger & his house in Hugly whereupon ye: Agent &ca: protested against Mr: Pitt & he answer'd by a reprotest Copy's of both comes Inclosed.

The resettling of ye: factory's in Bengll: is a matter of great Import & therefore wee hope yor: Excy: will be pleased to give direction therein as to ye: time & manner, it Seems to be ye: opinion of ye: Agent & Councill yt: ye: Settling of ye: factory's is ye: Surest way to Secure a large quantity of goods, & yt: they may be bought cheapr: but ye: first question Seems to be whether any Considerable part of ye: Rt: Honble: Compas: estate may be ventured in ye: upper factory till ye: demands relating to ye: late warrs appear to be Concluded those att Surratt tho' Accots: are made yet being not Satisfyed those made formerly in Bengall were never brought to Acct: *or agreemt: & ye: Agent &ca: have not* of late had any trouble about them.

In our genll: Lre to Surratt dat: 14th: Sept: 1693 wee advised ye: late Presidt: Harris &ca: ye: Circumstances of ye: treaty that has been Carryed on between Zulphaker Cawn & Fort St: George for a Phirmaund to be obtained by meanes of his father Assid Cawn for ye: Settlements on this Coast & because ye: Presidt: of Surratt have for many yeares had occasion to transmitt business to ye: Mogulls Court wee hoped to have recd: Some to direct us whether to proceed in the Said treaty or at least to prevent a double Charge by our interfearing wth: Surrat but ye: late Presidt: gave us no answer thereunto.

By our genll: Lre to yor: Excy: dat: 27th: March last (Copy whereof was also Sent with ours of ye: 11th: & 22d: June) wee give yor: Excy: a particular Acct: of what had passed as well relating to ye: Phirmaund as ye: Husbullhookum when wee receive yor: answer thereunto wee Shall then better understand what yor: Excy: meanes by endeavouring to gett a Phirmaund for this place & Bengall. In ye: mean time wee Shall write again to Assid Cawn & Emaim Cooley to put him in mind of our business. Tho' at present there is Some appearance of Zulphaker Cawn's falling under ye: Mogull's displeasure by his late Cutting off Arsemanaigue to prevent his receiving ye: King's Tashriff & prefermt: wch: arrived in ye: Camp in a few days after upon wch: Occasion ye: other principall officers of ye: army have Complained to ye: King & Stand upon their guard in opposition to Zulphaker Cawn & it is Supposed yt: Assid Cawn had given his private advice & orders for Cutting off Arsema Naigue but time must discover ye: truth of these mistery's.

Mr: Styleman acquaints us yt: he will pay into ye: Rt: Honble: Compas: Cash the ballance of ye: moneys of Mr: Minchin in his hands So Soon as ye: large Acct: thereof is copied deducting 300 tail Acheen wch: Mr: Delton has Stopped in his hands for a debt pretended to be due to him from Mr: Minchin & yt: as Soon as her Son returns from China he Shall be Sent to Bombay according to yor: Excy's: order by the first opportunity.

Passengers from Bengll: advise yt: Capt: Caullore dyed in a fortnight after his arrivall tho' ye: Bengll: Lres make no mention of his death.

October ye: 2d: 1694.

This day by a vessell from Vizagapatam wee recd: a Generall Lre from thence dat: 22d: Sept: advising Citteram's Continuing in rebellion but he doth permitt our Cloth to come thro' his Countrey without any molestation when ye: goods of all others are Stopped, they have Sent us a pacquett from Bengall being their Lre

dat: 31st: July & another pacquett from York Fort which by ye: Indosement was sent by ye: Royall James & Mary but there is no mention made thereof either in ye: Bengll: or Vizagapatam Lres & therefore wee Suppose yt: ye: Royall James & Mary was arrived in Ballasore road when ye: Bengll: pacquett was come to Ballasore & so was forwarded therewth: by Mr: Stanly to Vizagapatam & Capt: Buck has wrote a private Lre to one here dat: 24th: August: from Ballasore road which Still renders it more Credible yt: that was ye: Ship which appeared at Ganjam.

In stead of ye: forementioned paragraph of ye: Bengll: Lre on ye: 31: July wee Send yor: Excy: yr: Copy of ye: whole Lettr: wth: their Accot: of goods Contracted for & a Copy of their Lre to yor: Excy: dat: 16: Aprll: last Inclosed wee Send 2 Yorke Fort Genll: Lres dat: 21: July one from Mr: Bett & another from him & Councill whereunto wee can add nothing but yt: ye: Peppr: Sent to Bengall by Royall James & Mary is but 287 Bahar.

Wee are glad to find yt: there is no complaint or appearance of disturbance among them nor do they represent any apprehension of danger from the Natives.

Wee are

Fort St: George, Octo: ye: 9th: 1694.

To Ye: Worpll: Francis Bett[s] Esquire
Depty: Govr: &ca: Counll: att York Fort.

On ye: Second Inst: wee recd: yor: genll: Lre of 21: July with all ye: papers according to list & another Lre of ye: Same date Signed only by Mr: Betts. No: 104.

Wee are glad to hear of his Safe arrivall & quiet possession of ye: governmt: tho' ye: length of his passage & ye: lateness of his arrivall So long after ye: James & Mary was matter of great Concern to us & occasioned our writing orders to Bengall for Sending ye: Ship Hawke from thence to ye: West coast, if the Royall James & Mary brought them advice of any Considerable quantity of pepper procurable whereof you were ordered to Send notice to Bengall but have omitted it and you only advise them of yor: Intention to Send ye: Madapollam hither with pepper So yt: it remains doubtfull to us whether they will Send ye: Hawk to you or no. If they do they have Sent her in Sept: with provisions & 3 or 4 Chests of treasure to buy pepper So that She will come in the best time of ye: year for buying pepper & if ye: quantity requisite for Compleating her tunnage be procurable you must Supply her & dispatch her for England & Send ye: Madapollum to us with Such goods or Stores as are useless or impropper for yor: markett that they may not be utterly lost & as many canes & rattans as you may procure they being very cheap & may be usefull for many occasions, also any Sort of timber.

But if you foresee yo: cannott compleat ye: Hawk's tunnage rather than lett her goe home much dead freighted Send her hither to fill up.

As soon as ye: Madapollum Shall arrive with us wee intend to Send a Ship to you wth: as large a Supply of factors Soldiers money Stores & goods as you Shall advise necessary with all possible expedition & probably may order an Europe Ship to yor: port in her way to Bengall expecting a large Supply of Stock & Ships Suddainly from ye: Rt: Honble: Compa: whose charter is confirmed & their Stock doubled & wee Conclude ye: coming of ye: Ships hath been delay'd only by ye: wars in Europe which are ye: reason yt: neither English Dutch nor French are yet arrived.

By Capt: Brooks Mr: Fleetwood Sent us two Lres in Malay with their translates which wee remitt to you yt: yo: may enquire what was ye: occasion thereof for wee Suspect it was but a Contrivance of Mr: Fleetwood enquire also

into y^{e}: bargain made by him with M^{r}: Gough for y^{e}: Supply of y^{e}: factory upon which wee find in M^{r}: Fleetwoods Acco^{t}: cash y^{e}: entry of 4837: Ry^{rs}: 3. p^{d}: 9th: May to y^{e}: owners of Ship Sarah for a debt borrowed before She went to Batavia which not being explained wee are apt to Suspect because there has been So many blind bargains made by y^{e}: Cheifs of Yorke Fort under y^{e}: pretence of Supplying their necessitys.

By y^{e}: Madapollum give us a particular answer to our last gen^{ll}: L^{re} & lett y^{e}: Fort S^{t}: George Gen^{ll}: L^{re} 1: Sent in March 1693 be perused wherein you will find many usefull directions & orders which have never yet been put in execution particularly relating to y^{e}: Soldiers and Coffries.

Never omitt any opportunity of giving us advices especially of what you want & what quantity of pepper y^{o}: have or expect. The brigantine Gingerlee being not returned to us from y^{e}: Mallabar coast, Wee have never a vessell to Send to you, but it is our resolution to Supply you with all things necessary So Soon as wee can do it to better purpose than wee can do now. If y^{e}: Madapollam shall not arrive with us So Soon as wee expect wee shall however Send but greatly desire to receive your advices by her that wee may not fail in any thing that is necessary and therefore y^{e}: Sooner you Send her to us the better in y^{e}: mean time wee do Send you this by an uncertain Conveyance a Countrey Ship which has no other business at York Fort but to deliver their L^{re} if they fall in with the Port.

Lett y^{e}: Acco^{t}: of Ship Satisfaction be Strictly examin'd & Sent us ℔ first Conveyance rec^{d}: y^{e}: Acco^{t}: of Indapore factory.

Upon y^{e}: receipt of yo^{r}: promised advice by y^{e}: Madapollum wee Shall give a further answer to w^{ch}: is herein omitted.

Our last was 21; past Since w^ch^: wee have rec^d^: none from you.
These Accompany M^r^: John Butterfeild & M^r^: Henry Mompesson whom wee have Sent to you w^th^: two Pallankeens w^ch^: lett be returned to us when an opportunity presents. M^r^: Butterfeild is of Merch^ts^: Standing & hath Served y^e^: R^t^: Hon^ble^: Comp^a^: faithfully att York Fort. Wee have therefore appointed him fourth of Councill & to be Sea Customer of Cuddulore having a Confidence y^t^: he will discharge his duty & because it is necessary to clear y^e^: Acco^ts^; of y^e^: Sea Customes lett y^e^: present Sea Customer bring up & State his Acco^ts^: to y^e^: end of this month & receive y^e^: money due for all exports & emports to that day & M^r^: Butterfeild begin with y^e^: first of Novem^r^; So as y^t^: y^e^: former Acco^ts^: may not miss w^th^: his. Let y^e^: like method also be observed in y^e^: Charge of y^e^: Land Customer whereby y^e^: inconveniences will be prevented w^ch^: wee have found here by letting Such Acco^ts^: run many yeares without bringing them to a true State.

M^r^: Tho^s^: Jordan in Consideration of his long Service in y^e^: laborious imployment of Secretary wee appoint Sixth of Councill (If he hath given factors Security to y^e^: R^t^: Hon^ble^: Comp^a^: in England) & M^r^: Troughton Paymaster & Store-keeper but if you apprehend that y^e^: Paymasters imploy will not admitt his taking Charge of y^e^: Stores, wee leave it to you to appoint another person Store-keeper, as also Sea & Land Customer & assistant to y^e^: Sea Customer of Cuddalore & when done Send us a List of all y^e^: R^t^: Hon^ble^: Comp^as^: Serv^ts^: & their imploy.

M^r^: Henry Mompesson is a writer, his time Commences from y^e^: 3: Feb^ry^: last to be employed as you find him capable.

Wee yett hear no news of Mockdum Ninos Sloop & fear her miscarriage.

M^r^: Rob^t^; Cranwell stands indebted upon our books: 50: p^a^: Demand y^e^: money of M^r^: Cranwell & if he do's not otherwise pay Stop his Salary till y^e^: debt be discharged. M^r^: Cranwell formerly pretended that 20: Pag^s^: was to be deducted for Pallanquin hire &c^a^: Charges during y^e^: time of his being imployed

in y^e^: Collection of the Quitt rents upon which y^e^: bond was taken for 30: Pag^s^: only Lett him pay that & then probably y^e^: Remainder or So much as is requisite will be abated. Wee are

ENGLISH EAST INDIA COMP^A^: IN BENGALL.

N^o^: 106. Our last was dated 21^st^: past. On y^e^: P^mo^: Ins^t^: wee rec^d^: yo^rs^: of 22^d^: August ℘ Ship Welcome & on y^e^: 2^d^: yo^rs^: overland L^re^ of 31: July with the papers accompanying each.

Wee are glad to understand y^t^: y^o^: have contracted for goods to y^e^: Amo^t^: of R^s^: 6,70,000 & if yo^r^: present Stock is not Sufficient to accomplish y^e^: Contract wee doubt not but you will have a Supply large enough & Soon enough not only to finish that but to make another more y^n^: double that Amo^t^: for y^e^: R^t^: Hon^ble^: Comp^as^: charter being Confirmed & their Stock doubled of which wee have unquestionable advice 'tis not to be doubted but they will Send out as large a Stock as they can gett ℘ mission for Ships whose arrivall wee Suddainly expect & Conclude, y^e^: warrs in Europe is y^e^: only reason for their Coming So late wee yet hear of none either English, Dutch or French arrived in India.

Wee observe yo^r^: due Consideration of form^r^: Remissness in dispatch of business & Ships, yo^r^: endeavours with Muttradas & against y^e^: Interlopers & have nothing to adde only y^o^: take care to transmitt to y^e^: R^t^: Hon^ble^: Comp^a^: a particular Acco^t^: of y^e^: Passages between y^o^: & y^e^: Interlopers with as authentick attestations as you can procure of all their miscarriages. The Copy's you Sent us of your protest & their answer we have remitted to y^e^: Gen^ll^: to go home by y^e^: Surrat Ships in Decem^r^:

Wee Shall expect y^e^: Princess in Nov^r^: or Decem^r^: Since y^o^: could not dispatch her to us before the Monsoon.

Wee are Sorry you are disappointed in y^e^: expected quantity of Saltpetre in Such cases y^e^: private trade or interest must yeild to y^e^: publick, it is a vast Concernm^t^: to y^e^: R^t^: Hon^ble^: Comp^a^: & to y^e^: nation y^t^: you procure as much as possible you can. The Bengall trade indulged to private traders is large enough in other things besides Saltpetre & they have no reason to Complain. If y^e^: R^t^: Hon^ble^: Comp^as^: necessary occasions be first supply'd. When it comes here there are many bidders for it, y^e^: Portugeze giving great rates & wee must give 12 or 13 pag^es^: ℘ Candy If wee buy it as wee lately bought 500: baggs of M^r^: Aflick which came by his Ship & wee hear of a 1,000 more coming upon an other w^ch^: was bought up a year agoe. This would be enough to Kentelage one of y^e^: Comp^as^: Ships to Europe & is too much to be Spared to private traders.

Wee have transmitted to y^e^: Gen^ll^: yo^r^: L^re^ of y^e^: 31: July & have particularly recommended to his Consideration y^t^: part w^ch^: relates to y^e^: Nabob of Patna & y^e^: resettlem^t^: of y^e^: upp^r^: factorys which will be y^e^: more necessary upon y^e^: enlargem^t^: of trade. If y^e^: R^t^: Hon^ble^: Comp^as^: Stock may be Safely trusted upon y^e^: Husbullhookum.

If there was any mention in our L^re^ of Cotton to be Sent from Vizagapatam it was a mistake in writing.

If y^e^: murderer of Thomas Bowers can be apprehended lett him be Sent to us w^th^: the evidences as particularly as it can be taken that he may be prosecuted:

but y^e^ European Portugeze not being a Subject to y^e^ : King of England it will not concern us to prosecute him for y^e^ : murder of a Coffrey unless y^e^ : Coffrey were a Slave & his master demands justice & there do's appear to you good reason to think him guilty of murder & it be So Send him to us otherwise lett him be dismist.

Wee have not Convenient opportunity to Send you writers. You must not only make y^e^ : Lazey writers but y^e^ : lazey factors write when there is occasion & y^e^ : R^t^ : Hon^ble^ : Comp^a^ : have positively ordered y^t^ : if any of them do refuse writers work when they are Commanded by their Superiours they Shall be dismist their Service.

Wee approve yo^r^ : employing D^r^ : Plum^r^ : Chirurgeon of y^e^ : factory in y^e^ : room of Doc^r^ : Person.

Lett y^e^ : returns of y^e^ : warr^ts^ : w^ch^ : y^o^ : have rec^d^ : from y^e^ : Court of Admiralty be made to M^r^ : Fraser Esq^r^ : who is now Judge of y^t^ : Court.

Owen Charnell was Sent down by us to be employd in y^e^ : river having lately Serv'd y^e^ : R^t^ : Hon^ble^ : Comp^a^ : in a voyage to y^e^ : Coast of India to our Satisfaction lett him have Such encouragem^t^ : as you Shall find he deserves by his capacity & diligence.

With yo^r^ : overland L^re^ of 31 : July wee rec^d^ : a pacquett from y^e^ : west coast w^ch^ : came by y^e^ : Royall James & Mary whereby wee understand y^t^ : M^r^ : Betts is at length arrived & in quiet possession of y^e^ : governm^t^ : wee perceive they have Sent y^o^ : very Short advices So y^t^ : wee know not what to judge whither y^o^ : have Sent y^e^ : Hawk thither or no but if y^o^ : have wee hope y^o^ : have Sent treasure with her their cash being otherwise too low to procure any Considerable quantity of pepper for her.

If y^o^ : have not Sent y^e^ : Hawke & can Spare one of yo^r^ : Sloops after y^e^ : dispatch of y^e^ : Royall James & Mary & y^e^ : Season of y^e^ : year will then permitt Send one to y^e^ : west Coast laden with Beng^ll^ : provisions, rice, butter, oyle, ruske, arrack, a little match for y^e^ : garrison use, Cartrage paper & 40 or 50 maund of yo^r^ : powder (being Cheapest) advise them y^t^ : y^e^ : vessell is not to Stay there longer then to deliver her lading & to return to you under orders of touching here in y^e^ : way to bring us advices. If they can gain this port without loosing time.

Wee formerly advised y^o^ : of Severalls delivered y^t^ : of Fort S^t^ : George bills of lading by Ships Princess & Royall James and Mary demand a Sight of their bills of lading y^e^ : Indosem^ts^ : whereof express y^e^ : ℘ticulars w^ch^ : cause y^e^ : Comd^rs^ : to adjust & advise us.

M^r^ : Stanley (as wee suppose) Sent us y^e^ : west coast pacquett with yo^rs^ : but would not vouchsafe us a line to inform us of y^e^ : arrivall of y^e^ : Royall James & Mary. order him by all pattamars to give us advice of all occurrances.

This comes by brigantine Eagle John Cockrofft Master at an uncertain time of y^e^ : year & her passage will probably be long wee Shall therefore Suddainly write you overland.

No: 108. Wee have recd: yors: of 12th: Inst: advising yor: Contract with ye: weavers for 1000 Pags: deliverable in two months wherein it do's appear yt: ye: abatemt: on ye: Beteelas is equall to ye: advance on ye: Longcloth and Salampores So yt: the Contract in ye: whole is not dearer then that which you made with yor: Merchts: last, & ye: making the Contract will probably be a meanes to fix ye: weavers whose Continuance & Increase will in time greatly advance the trade & custome so that wee think you have done well Since yo: could not induce them to better terms but wee hope you will take an opportunity to reduce ye: advanced price of Longcloth & Salampores in future Contracts wch: will be best done when Cotton falls to its usuall price, wch: in all these parts is two fifth pts: dearer than usuall; in ye: mean time yo: must go on as well as yo: can in making farther Contracts with yor: weavers and Merchts: So as to Supply us with 2: or 3: hundred bales in Febry: next for the Armenian Merch: & wee will Supply you with money as yo: advise yor: occasion when wee Shall have a new Stock however wee Shall Send yo: 20 bales of broadcloth (as you desired) & 6: or 7 thousand Pags: in money as opportunity offers after ye: Monsoon (to make up 10000: Pags:) if you can accomplish an Investment att Woodearpollam or can otherwise invest it by Contract with yor: Merchts:

Wee greatly approve of yor: proposall of making an Investmt: there especially if yo: can with ye: Woodear's assistance & Constant contracts with ye: principall Weavers & Merchts: for all ye: Longcloth & Salampores made in yt: place in Such manner as not to trust any great Stock att a time within ye: time [*sic*] of ye: Wooddear.

Wee do not mean yt: yo: Should lay aside yor: Company of Merchts: but think it more advisable that ye: business of those Investmts: be managed by them and that they be accountable & responsible for ye: money & be allowed a certain profitt or Commission wch: being a mattr: of great Concernmt: advise us ye: terms before you conclude.

Send us Copy of ye: terms of agreement wth: ye: Woodears kinsman for watching yor: bounds wch: were not finished when you advised us thereof.

Wee recd: yor: examination of Mr: Constable accot: but his indisposition has not given us an opportunity of discoursing with him thereupon.

Inclosed is an accot: of oyle monthly used here & bill of lading & Invoice for 4 bales of broadcloth & 31: baggs of wheat Amot: to Pags: 397: 2fa: 3ca: Sent yo: by brigantine Margarett Thomas Lowre Master.

To HOJEE MAHOMUD ALLE OCTOB^{R}: 22^{D}: 1694.

I rec^{d}: yo^{r}: Lr̃e & at yo^{r}: request & for yo^{r}: Sake only I have Sent a Cowle to y^{e}: runaway Englishman which pardons his faults past, Secures his life & restores him to his Service as y^{o}: desire. To NABOB ZULPHAKER CAWN. OCTOB^{R}: 29TH: 1694.

I Congratulate yo^{r}: Exc$^{y's}$: Success against y^{e}: King's enemies & y^{e}: daily encrease of yo^{r}: fame, as yo^{r}: Exc^{y}: desired. I have used all endeavours to find out y^{e}: truth of Meer Mahomuds pretence of loosing money and Jewells & do beleive he has grossley abused yo^{r}: Exc^{y}: & mee in writing false storys others after y^{e}: Same manner pretend to have lost things intending to have brought a disgrace upon mee whom I have found out in their Contrivance but Meer Mahomud by y^{e}: assistance of Meern carryed his business on So cunningly y^{t}: I cannot find out y^{e}: truth; it is an easey matter when men have Spent their money to Say they have lost it. I was informed y^{t}: Meer Mahomud was yo^{r}: Exc$^{y's}$: Serv^{t}: I therefore Sent officers to him when he came for to know what he had y^{t}: y^{e}: watchmen might take Care but he shewed them nothing but a little lumber of Small value & now Says y^{t}: he has lost a great Sum: he chose to live in a place between Meera & many Rashboots who came from y^{e}: Camp where our people would not dare to Come I have civilly entertained & Secured many of y^{e}: King's Serv^{ts}: of greater quality who I am Sure will not Complain of any Injury done them I therefore hope yo^{r}: Exc^{y}: will not Suffer mee to be Reproached by Such a man as Meer Mahomud & his adviser Meern who Spends his time & money in drinking & dancing wenches & when drunk without any Consideration Stops my very provisions & Sends mee word y^{t}: I Shall not have it unless I will Send him dancing wenches, his impudence is intollerable but being yo^{r}: Exc$^{y's}$: Serv^{t}: I have hitherto borne it patiently & trust in yo^{r}: Exc$^{y's}$: Justice and favour for a Remedy as well for Such abuses as for y^{e}: quiet enjoym^{t}: of trade w^{ch}: is in danger of being utterly destroyed in these parts by his unreasonable exactions & Stopping & Seizing Merch^{ts}: goods that they are afraid & forbare to trade but y^{e}: drunken fellow do's not Consider y^{t}: robbing y^{e}: Merch^{ts}: of a fanam today hinders y^{e}: receiving of two to morrow. N^{o}: 110.

When Emaim Cooley came 7: mos: agoe from yo^{r}: Exc^{y}: & went hence to y^{e}: King's Camp I Sent Peons with him to carry a Lr̃e & small present to yo^{r}: noble father Assid Cawn putting him in mind of a Phirmand which both yo^{r}: Exc^{ys}: have So long promised & when repeated to Emaim Cooley y^{e}: promise made yo^{r}: Exc^{y}: upon y^{e}: procury thereof but I have not heard from him; Since y^{e}: Peons I sent with him returned to mee yesterday, & tell me that he refused to write by them & they cannot perceive y^{t}: he do's endeavour to do any thing

in y^{e}: busines̄s. Now yo^{r}: Exc^{y}: knows what dependance is placed on yo^{r}: Self & Assid Cawn & how often you have both promised. I fear Emaim Cooley has omitted to putt Assid Cawn in mind; I therefore pray yo^{r}: Exc^{y}: to write both to Assid Cawn & Emaim Cooley what you think requisite & if y^{o}: will please to Send mee those L^{re}s I will Send them as yo^{r}: Exc^{y}: Shall direct mee & when y^{e}: Phirmand comes I will write in Lett^{rs}: of gold upon y^{e}: gate Assid Cawn & Zulphaker Cawn Patrions y^{t}: all ℔sons may know & honour those by whom wee receive So great benefitt; I trust in yo^{r}: Exc^{y}: well knowing y^{t}: yo^{r}: noble father cannot deny y^{e}: word of So great a Son.

Lett him propound y^{e}: persons & then wee will give further answer. The Security should have been given before he was admitted. No: 118

Wee shall debt yo^{r}: acco^{t}: 30 pag^{s}: paid by M^{r}: Ro^{bt}: Cranwell into yo^{r}: cash.

Doct^{r}: Fawcets Salary is 36: ^{ll} ℔ annum all payable in India at which rate pay what is due to him.

Wee Send y^{o}: gilt paper by these Peons 12: Sheets Amo^{ts}: to Pag^{s}: 1: 12: fa: for which give us Creditt and Shall Send y^{o}: timbers by y^{e}: next opportunity as well for buildings in y^{e}: Fort as for Shipping having Severall timbers Crooked & propper for repairs of Ships & Vessells.

Yo^{rs}: of 1: June advise a Contract made with yo^{r}: Merch^{ts}: for 2000: Pag^{s}: in Jan^{ry}: & 8000 in May at y^{e}: Weavers prices, which is a great advance on y^{e}: prices of last contract in Longcloth & Salampores. Tho' y^{e}: abatem^{t}: on y^{e}: Beteelas reduce y^{e}: whole to an equality. Tho' there is a necessity for Cloth yet there is a great future Inconvenience in advancing y^{e}: prices by Contract expecially on y^{e}: two Staples Longcloth & Salampores & is to be avoided if possible. The best method wee can think of is that y^{e}: former prices be Continued in y^{e}: Contract & a further bargain wth: y^{e}: Merch^{ts}: y^{t}: if they Comply therewith in due time they Shall have y^{e}: advance paid them as wee have yesterday made a Contract wth: our Merch^{ts}: for 10000: Pag^{s}: deliverable in Feb^{ry}: w^{ch}: cloth they are to provide with their own Stock & in Consideration thereof wee are to pay them 10 ℔ cent on y^{e}: whole, If they Comply in time & quantity otherwise not as y^{o}: will perceive by y^{e}: Inclosed Copy.

Therefore lett yo^{r}: Merch^{ts}: know y^{t}: wee Cannott approve of y^{t}: Contract for any more than they shall deliver in Jan^{ry}: or Feb^{ry}: & wee hope in a Short time Cotton will be cheaper (tho' now very dear & Scarce) & then y^{o}: will be better able to bring them to good terms, when y^{t}: great objection is removed.

Wee expect Stock enough to make an Investm^{t}: at Cuddalore for 50000: Pag^{s}: deliverable in Sep^{t}: next & y^{o}: may acquaint yo^{r}: Merch^{ts}: therewith & Carry one Truly wth: them wherein propound their taking of broadcloth Lead & Silver but deferr Concluding till Cotton is cheaper & till wee are in a Capacity of Supplying y^{o}: with money. Wee know not when y^{e}: Ship will arrive (The Monsoon being Contrary) and after she comes it will be Some time ere wee can have Silver or goods into money. However wee shall be able to Supply y^{o}: with as much as y^{o}: shall advise to be necessary for Cloth deliverable in Jan^{ry}; or Feb^{ry}: next for y^{e}: Armenian Merch^{t}: w^{ch}: is our first care.

Wee have hitherto Sold our broadcloth ord^{r}: at 29 Pag^{s}: ℔ peice abating 1 Pag^{a}: ℔ peice when 20 peices are bought together. Cloth rashes at 20: 19: Perpetuano's fine Pag^{s}: 15: ord^{r}: 9: pag^{s}: Arrora 49: Pag^{s}:

Send us a small peice of yo^{r}: match by y^{e}: next Peons for a muster. Wee buy cheaper than 7 Pag^{s}: ℔ Candy but perhaps yo^{rs}: may be better.

The Woodier has a gen^{ll}: good report & wee hope by his friendship yo^{r}: Investm^{t}: may be enlarged as intimated in ours of y^{e}: 19th: past and therefore his kinsman is to be preferred for a watchman before others unless he proves troublesome.

With yo^{r}: gen^{ll}: Lre of 15th: wee rec^{d}: yo^{r}: Consultations from Augst: y^{e}: 1st: to y^{e}: end of Sep^{t}: last.

Wee have yet no news of Mockdum Nino's Sloop & fear y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Indigo is lost: y^{o}: must therefore provide y^{e}: more.

Herewth: wee Send y^{o}: our order to Cap^{t}: Matth^{s}: Hatton Comd^{r}: of Ship London friggatt for delivering Such bales of broadcloth ord^{r}: & Perpetuanos & as many piggs of Lead as y^{o}: shall demand, Viz^{t}: as much as y^{o}: think y^{o}: can vend in a yeares time, or yo^{r}: Merch^{ts}: will take of, wc^{h}: ord^{r}: is Sent upon y^{e}: Supposition y^{t}: y^{e}: Ship may touch att Fort S^{t}: David & lye there windbound long enough to deliver said goods, but lett not y^{e}: Ship be detained one hour either for that or any other Acco^{t}: whatsoever. Let one of y^{e}: Councill goe aboard with our order & veiw y^{e}: bales So as to prevent mistakes & Send us an Acco^{t}: & wee will Send y^{o}: an Invoice when wee receive y^{e}: pacquett.

The obligation for 30: Pag^{s}: is not Signed by M^{r}: Cranwell but by M^{r}: Griffith only to whom 'tis delivered. M^{rs}: Blackwall being gone to Fort S^{t}: David lately in order to the getting in her husbands debts give her w^{tt}: assistance you can therein. Wee are

No. 120. After writing of y^{e}: foregoing (dat: 2^{d}: Ins^{t}:) wee rec^{d}: advice from Fort S^{t}: David that they had Sent one to Negapatam for y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Pacquett & upon y^{e}: hopes of receiving it Suddainly wee deferred y^{e}: Pattamar. But yesterday they advised us y^{t}: y^{e}: London friggatt Sailed from Negapatam 29th: past (upon y^{e}: approach of bad weather) designed either to keep y^{e}: Sea or to harbour att Trincomalay as y^{e}: winds proved, So that wee Cannott expect to receive y^{e}: pacquett till Some time in next month & hope before then to receive from y^{o}: a Duplicate w^{ch}: probably comes upon each of y^{e}: two Ships w^{ch}: were order'd directly for Bengall and may arrive there as Soon as y^{e}: London friggatt arrived at Negapatam who lost 17 days in getting about Zeilon.

It will doubtless be yo^{r}: first care to dispatch them home laden as Soon as you can & if y^{o}: can do that Suddainly there will be no occasion to Consider of employing them in y^{e}: Country, but if y^{o}: have not a rationall prospect of Sending them home wth: the Royall James & Mary or Soon after it behoves us to Consider how to prevent their lying idle 12: or 16: months as y^{e}: Charles y^{e}: 2^{d}: and Sampson did on a decēd demorage.

It was thought requisite by Agent Charnock & Coun^{ll}: for Security of y^{e}: R^{t}: Hon^{ble}: Comp^{as}: estate and Serv^{ts}: to have at least one Ship lying by y^{e}: factory att Chuttanutte, whether y^{e}: Same reason holds good Still you are best able to Judge it depending on y^{e}: Confidence y^{o}: can place in y^{e}: goverm^{t}: upon y^{e}: Kings Husbullhookum. Therefore if y^{o}: think it necessary keep one of y^{e}: Ships with y^{o}: & Send us y^{e}: other, but if y^{o}: have no Occasion Send them both to us laden wth: grain as Soon as possibly you can one after y^{e}: other & wee will returne one of them to y^{o}: again Imediately the other at Such time as y^{o}: Shall advise requisite for her being dispatched for Europe in y^{e}: mean time possibly wee may find other imploym^{t}: for her.

The present Scarcity of grain in these parts & prospect of greater, puts us upon this expedition for y^{e}: Support of the place & it will also gain Something Considerable towards y^{e}: Ships demorage in both w^{ch}: respects it will be for y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Service & is agreeable to their generall orders, but wee know not whether these Ships are arrived, w^{tt}: burden they are of, when they will gett from Ballasore road, into y^{e}: river what Stock or goods they have aboard to be unladen where they must take their Lading of grain & when it can be provided. Nor what orders y^{o}: will receive from y^{e}: R^{t}: Hon^{ble}: Comp^{a}: for y^{e}; disposall imploym^{t}: or returne of the Ships. Therefore wee give you no positive ord^{rs}: but only recomend it to y^{o}: who will understand all these Circumstances & y^{o}: must act accordingly.

If y^{o}: Send one or both y^{e}: Ships to us Send not above 500 maund wheat 50 Jarrs butter & 200 Jarrs oyle. Lett all y^{e}: rest of y^{e}: lading be 1000 baggs upon each Ship of Saltpetre if y^{o}: can Spare it, y^{e}: rest rice which is y^{e}: main thing & y^{o}: need not loose one day in y^{e}: dispatch of y^{e}: Ship for y^{e}: Sake of wheat butter or Oyle of which wee doubt not but you will Send in a Competent Supply by the Princess.

If y^{o}: cannot provide a Sufficient quantity of rice for y^{e}: Ships lading on y^{e}: R^{t}: Hon^{ble}: Comp^{as}: Acco^{t}: in due time. If any body have provided it for their owne acco^{t}: y^{o}: may take it on freight at 50 ℔ Cent (by w^{ch}: the Propriators will gain Cent ℔ Cent) & any other Sorts of goods to fill up on y^{e}: usual termes of freight.

The Ship will not Carry her hold full of rice therefore there will be no room lost by Sending y^{e}: rice in baggs if y^{o}: can gett them ready time enough.

The Cost of y^{e}: Ships lading wth: grain will not be much whatever it amo^{ts}: to wee will reimburse y^{o}: in y^{e}: Southerly Monsoon in rup^{s}: So y^{t}: yo^{r}: Stock will not be thereby diminished.

Wee hope y^{o}: have ordered y^{e}: Princess Anne of Denmark to call at Vizagapatam & bring their bales to us therefore lett the Other Ships be also ordered to call for y^{e}: remainder. If y^{o}: shall receive advice from M^{r}: Holcombe &c^{a}: the number they expect to have rec^{d}: you may leave room Accordingly, but if not lett y^{e}: Ship be filled & when they come to Vizagapatam may deliver there as much rice &c^{a}: as will make room for the bales wee depend upon his order for the Conveying of the Vizagapatam bales to us which wee Shall want for the Armenian Mercht's Lading.

If y^{o}: can dispatch y^{e}: Ships in Jan^{ry}: they will probably gain a quick passage but if deferred longer may prove tedious & troublesome. The Southerly winds Commonly begins to blow in Feb^{ry}: Therefore y^{e}: Sooner y^{o}: can dispatch them y^{e}: better.

The Sampson brought 10: duppers of powder without Invoice or bill of lading & were Sent ashore from y^{e}: Ship unknown to y^{e}: Warehousekeeper and lay Severall days on y^{e}: Sea Side y^{e}: Gunn^{r}: finding them there after y^{e}: Ship was gone they proved Some half & Some $\frac{3}{4}$ p^{ts}: full & all damaged in Such manner that they could not distinguish whether it was English or Countrey powder but caused it all to be remade by y^{e}: Powdermaker among Countrey powder & was then found to weigh but 692^{ll}: whereas y^{e}: Acco^{t}: Sent us wth: yo^{r}: Gen^{ll}: Lre dated 31 July last of short entry there is a mention of 10: dupper Containing 13: baher Amo^{t}:

to Rup^{s}: 520: whereas 692^{ll}: at Pag^{s}: 20: ℔ Candy amo^{t}: to no more y^{n}: pag^{s}: 27: 12: & wee Shall recharge to yo^{r}: acco^{t}: y^{e}: difference. Wee are

May it please Yo^{r}: Exc^{y}:

It being doubtfull when wee shall receive y^{e}: pacq^{t}: by y^{e}: London friggatt wee have Sent to Bengall y^{e}: Coppy of y^{e}: Cap^{ts}: Lr̃eand upon y^{e}: probability of N^{o}: 122.

y^e: Martha & Success their arrivall in Bengall have Sent y^e: Agent &c^a: our ord^rs: for Sending one or both those Ships to us with grain as well [for] Supply of this place as for y^e: imploym^t: of y^e: Ships but because wee know not what ord^rs: y^e: R^t: Hon^ble: Comp^a: have given nor y^e: Circumstances of things in Beng^ll: wee cannott give them positive ord^rs: as by y^e: Inclosed copy of our gen^ll: Lr̃e to y^e: Agent &c^a: dat: 12^th: Ins^t:

Wee have yet had very litle rain in these parts So y^t: y^e: fears of a famine doe increase upon us tho' wee hear there has been y^e: usuall rains in y^e: Northw^d: and Southw^d: parts from whence & Bengall wee expect a Supply by Sea Sufficient for this place yet y^e: adjacent inland Countrey where Cloth is made will be in a miserable Condition unless it please God to Send rain before this month is ended.

Since our last advising our Intentions of Sending to Zulphaker Cawn he hath removed his Camp further Inland & is in frequent marches & his designe unknown & there being many uncertain rumours of a quarrell between him & y^e: rest of y^e: principall officers, a Spye Bramini wee Sent thither to give Intelligence from whom on y^e: 10: Ins^t: rec^d: y^e: inclosed Accot: & therefore must deferr our applications to him till the Issue of those disputes are over.

Wee Send yo^r: Exc^y: y^e: Copy of our Consultation dat: 5: Ins^t: relating to Fort S^t: George Merch^ts: representing y^e: reasons of their great defect in y^e: managem^t: of business & y^e: method taken for enabling them to performe better.

Yo^r: Exc^y: dos direct in yo^r: Lr̃e of 12^th: June 1694 to deferr y^e: recovery or resettlement of Indapore to y^e: R^t: Hon^ble: Comp^a's: order. There being So many Ships come out this year it is probable Severall of them may Stay long enough in y^t: Country to be Sent to y^e: west coast If yo^r: Exc^y: shall see cause from y^e: R^t: Hon^ble: Comp^as: ord^rs: by these Ships to undertake the resettlem^t: of Indapore or y^e: better fortifying & Securing of y^e: remaining factorys, It is our thought to do all that can be done towards y^e: Securing & well Settlem^t: of York Fort & y^e: adjoyning Settlem^t: of [P]ryamong in Feb^ry: next by w^ch: time it is probable y^e: Amity may be arrived there from S^t: Hellena tho' can resolve nothing till wee know what ord^rs: y^e: R^t: Hon^ble: Comp^a: have given. The great difficulty will be in Sending men of Sutable abilitys for managing the affair.

If yo^r: Exc^y: Shall find occasion to Send one of y^e: R^t: Hon^ble: Comp^as: Ships from Surratt into these parts wee humbly offer to yo^r: Consideration y^e: Sending 100: or 200: bales of Cotton on their Hon^rs: Acco^t: Cotton is now Extreamly dear & Scarce about 30 Pag^s: ℔ Candy Surratt Cotton will never Sell at less than 12: Pag^s: ℔ Candy of 500 ^li: at which rate there is about 50 ℔ Cent gained on y^e: Surratt price but it will more probably Sell at 15: which will be Something towards y^e: Ships Demorage & will y^e: better enable us to Contract for Cloth.

Wee Send yo^r: Exc^y: y^e: Copy of our Consultation dat: 7: Ins^t: & our generall Lr̃e to M^r: Brabourne &c^a: at Brinjoan dat: 10 Ins^t: relating to a petty embassy Sent from the Naigue of Moodera which because it Seems to Concern y^e: Settlemen^t: & wee know not what y^e: Consequence may be wee have transmitted the Acco^t: thereof to M^r: Brabourne & now to yo^r: Exc^y: Wee are

TO HIS EXC^Y : S^R : JOHN GAYER K^T :
GENERALL FOR AFFAIRS OF Y^E : R^T : HON^BLE :
ENGLISH EAST INDIA COMPANY IN INDIA ATT SURRATT.

May it Please Yo^R : Exc^y :

Our last was of y^e : 13^th : Ins^t : Copy whereof Comes inclosed with a list of y^e : pacquett whereof wee cannott now Send Coppy's. No : 123.

Yesterday wee rec^d : y^e : R^t : Hon^ble : Comp^as : pacquett ℔ Ship. London friggatt w^ch : putting to Sea in order for gaining Trincomalay was by more favourable winds directed to Trincombar where y^e : wind proving contrary, She remains & y^e : Com^dr : from thence sent y^e : pacq^t : to us by y^e : Purser.

Upon perusall of y^e : Severall Lres w^ch : y^e : R^t : Hon^ble : Comp^a : have Sent us & Copys of their Lres to Surratt, Persia, Bengall & Bencoolen wee find y^t : y^e : R^t : Hon^ble : Comp^a : have not only sent out Ships but a Considerable Stock & have given very Important directions for y^e : managem^t : of y^e : trade of India in all parts upon y^e : Confirmation of y^e : Charter by his Majesty & y^e : augmentation of y^e : Stock by new Subscribers & tho' have no reason to doubt but y^e : Ship designed for Surratt may be now arrived with you or at least before this can come to yo^r : hands yet remembring y^e : Instance of y^e : Modena this time two yeares wee have thought it requisite to Send yo^r : Exc^y : y^e : Copys of all y^e : Lres rec^d : from y^e : R^t : Hon^ble : Comp^a : y^t : in case yo^r : Ship meet with a longer passage, y^o : may receive their advices So Soon as wee can Send them.

And for y^e : Same reason wee are Sending a Pattamarr to Bengall with y^e : copy of y^e : R^t : Hon^ble : Comp^as : generall Lre to y^t : place.

Our last mentions a Petty embassy from y^e : Naigue of Moodera whereof wee gave y^o : a particular Acco^t : because wee apprehend y^e : Settlem^t : of Rutterah might be Concerned therein & therefore have returned Such an Answer as might give an opportunity of carrying on a treaty, if yo^r : Exc^y : should see cause for it but wee apprehend a further reason for y^e : Continuance of a treaty w^th : y^e : Naigue because y^e : pepper that can come overland from the Mallabar Coast to these parts must come through Some part of his Country & therefore if wee do not maintain a friendship with him wee cannott expect to gett any Considerable quantity that way, wee are informed there are two places between Cape Comorin & Rama Cota w^ch : are markt for pepper brought over land from y^e : Queen of Attingo's Country or p^ts : adjacent, one lying inland from Kilkerre & y^e : other Inland from Trivolagurree y^e : greatest p^t : of y^e : pepp^r : there is bought of y^e : Dutch & y^e : Dutch Comissary when he was in those p^ts : w^th : a fleet of Ships did Compell all y^e : Naigues and Rajahs between Cape Comorin and Negapatam to

Comply with Such Contracts as Secured to y^e^ : Dutch Comp^a^ : not only y^e^ : fishing for Pearle & Chanke, but y^e^ : overland pepper So y^t^ : Devera y^e^ : Rajah of Rama Cota & adjoyning part of y^e^ : Continent hath a liberty reserved to him by y^e^ : Dutch Contract, only for one Ship's Lading in a year of Chank & pepper to be Sent to Bengall, y^e^ : Said Devera drives a Considerable trade to this place yearly by Julars factor in Chey root Cockonutts Coyoe &ca : & has enjoyed Some priveledges in trade many years upon his undertaking to gett Some English prisoners in Candy released his factor here resident being treated with abo^t^ : pepper will not undertake to procure ten Candy & gives this reason y^t^ : if he brings it hith^r^ : it must be by Stealth & whenever y^e^ : Dutch Come to understand it they will Stop his Mast^rs^ : Ships So that there can be no pepp^r^ : expected that way.

There is another markett town for pepp^r^ : lying between Fort S^t^ : David & Negapatam inland from whence it might be brought to Fort S^t^ : David & all y^t^ : comes thither passes through y^e^ : Naigue of Moodera's Country So y^t^ : it Seems improbable to carry on any considerable trade without a treaty w^th^ : him, two yeares agoe there came a Considerable quantity to this markett town & was from thence brought to Fort St : David by y^e^ : Merch^ts^ : & Sold there at Pag^s^ : 24 or 25 ℔ Candy & probably y^e^ : R^t^ : Hon^ble^ : Comp^a^ : have had Information thereof but y^e^ : Dutch Soon found out a way to Stop or divert y^e^ : pepp^r^ : & there comes none now.

Tho' wee give yo^r^ : Exc^y^ : our thoughts So particularly in this affair yet wee must owne our Selves unacquainted with y^e^ : Customs of those p^ts^ : & y^e^ : relation or dependance y^t^ : one place or Gover^mt^ : has to another & wee pray yo^r^ : Exc^y^ : to order y^e^ : Comodore &c^a^ : of Rutterah to give us what advice they can. Yesterday wee rec^d^ : yo^rs^ : of [. . .] Ins^t^ : w^th^ : y^e^ : Comp^as^ : pacquett by y^e^ : London Friggatt in which was their Generall L~re~ to Fort S^t^ : David dat : 3^d^ : Janr^y^ : last which comes Sealed, whereby wee gladly understand their approbation of yo^r^ : management but must withall acquaint you that they have given very Severe ord^rs^ : concerning those who faile in y^e^ : due keeping up of their generall books of Accounts.

The R^{t}: Hon^{ble}: Comp^{a}: do advise y^{t}: a new Charter is granted by his Majesty & will probably be Confirmed by y^{e}: Parliam^{t}: whereupon their Stock is encreased to 744000^{lb}: by new Subscribers w^{ch}: comprehend y^{e}: most Considerable part of those who formerly imposed them, there are now eight Ships come out & four more to follow Suddainly w^{ch}: brings a Stock for Carrying on & enlarging their trade in all parts of India.

The London friggatt brings us silver, broadcloth Perpetuano's & Lead. Consider how much of each you can vend in yo^{r}: factory & give us an Account.

So y^t: there is an end put to all those troubles w^ch: have for Some yeares past troubled & lessned y^e: trade of India & y^e: vain expectation of those who built their hopes upon y^e: dissolution of y^e: Comp^a: utterly frustrated.

Upon y^e: Confirmation of y^e: Charter y^e: R^t: Hon^ble: Comp^a: have Sent eight Ships & four or five more to follow Suddainly which brings a Stock for y^e: Carrying on & enlarging their trade in all parts of India.

Wee are Sorry to understand by your Lr̃e & Diary, y^e: Continuation of y^e: troubles by Citteram & yo^r: apprehension of a famine which gives us reason to fear y^t: y°: will not be able to make So large a provision of Cloth as y°: formerly advised, it would fall to yo^r: Share to Invest 50,000: Pag^es: this year & wee had hopes that y°: would have been able to invest more to Supply the failure of Fort S^t: George & Fort S^t: David Merch^ts: who yet cannott be perswaded to make any Considerable Contract there being a generall apprehension of a famine in these parts.

When y°: advise us y^t: it is Safe to venture more of y^e: R^t: Hon^ble: Comp^as: estate in yo^r: factory wee will by the first opportunity Supply y°: with 100,000: Pag^s: or as much as Shall be requisite for beginning a new Contract & Send y^e: rest afterwards by Such Conveyance as Shall happen in y^e: Southerly Monsoon in y^e: mean time treat with yo^r: Merch^ts: in order to Contract for 30: 40: or 50,000 Pag^s: deliverable in Apr^ll: Sep^t: & December 1695: in Such proportions as y^e: Merch^ts: will undertake & wee y^e: rather desire y^e: Contract may be made deliverable in Severall parts at Severall times, for fear wee Should faile in y^e: timely Supply of y^e: money, if wee cannott dispose of our Europe goods, wherein our Stock cheifly Consists & therefore desire you to have regard thereunto in your Contracts.

As for y^{e}: Sorts of goods to be provided y^{e}: R^{t}: Hon^{ble}: Comp^{a}: have Sent out a list of Coast goods wherein wee find no mention of Strip'd Beteelas & but 2000: p^{s}: of Saile cloth. The goods ordered by list procurable at Vizagapatam are.

Long cloth ordinary white & browne Salampores ordr: Of these there cannott be too many provided.

Beteelas of all Sorts 20 & 25 yards long	3200: p^{s}:
Saile cloth	2000: p^{s}:
Neckcloths	5000: p^{s}:

It has been y^{e}: practice of yo^{r}: factory to Contract for Salampores, Longcloth, Sailcloth & Strip'd beteelas in equall parts, but y^{o}: cannot now Contract for above 10000: Pa: in Beteelas, Sailcloth, & neckcloths & if yo^{r}: Merchts: can be induced to Contract for the rest in longcloth & Salampores y^{o}: may allow them 10: ℔ Cent on So much as they shall bring in above y^{e}: halfe of y^{e}: Investm^{t}: not to be accounted as they bring in y^{e}: cloth but to be paid them in one Sum at y^{e}: finishing of y^{e}: Investment.

Or, if they will not Consent to y^{t}: y^{o}: may propound to them y^{e}: providing Some of the following fine goods by y^{e}: Madapollam Must^{r}: & at y^{e}: Madapollam prices whereof y^{e}: R^{t}: Hon^{ble}: Comp^{a}: have ordered y^{e}: following quantitys to be provided Viz^{t}:

Longcloth fine	1000 p^{s}:
Salampores fine	3000 p^{s}:
Percollas	5000 p^{s}:
Do. Booke	2000 p^{s}:
Morees fine	2000 p^{s}:
Izzarees	5000 p^{s}:
Gingham sheets 3 y^{ds}: wide & 3½ Long	2000 p^{s}:

Besides Chints, Allajees, Sacaguntes Sandermuters Callawapoose Goa Cancherutas, Palampores, ordinary & fine Dimitys & Diaper, whereof wee have no muster & take it for granted yo^{r}: Merch^{ts}: cannott intermeddle with them.

You may treat wth: yo^{r}: Merch^{ts}: for a Contract of 50000 Pag^{s}: but conclude not for above 20000: till y^{o}: receive our answer to yo^{r}: next Letter, after receipt hereof, being not yet assured at what times wee shall be able to furnish So great a Sum as 50000 pag^{s}:

The R^{t}: Hon^{ble}: Comp^{a}: do order y^{t}: their List be Complyed with as near as can be, but wee think you are not absolutely limited to y^{e}: exact quantity of every Sort but may if you cannott otherwise prevail wth: yo^{r}: Merch^{ts}: enlarge in Some Sorts & encrease in others, & wee Suppose yo^{r}: Strip'd Beteelas may be included in y^{e}: Beteelas of all Sorts & if you agree with yo^{r}: Merch^{ts}: for plain Beteelas they must be double threaded.

The list doth also order y^{e}: provision of 20000 p^{s}: of Dungarees white & brown w^{ch}: wee Suppose to be of y^{e}: Sort formerly provided at Matchlepatam & if yo^{r}: Merchts: can make any of y^{e}: Sort wee will Send you a muster. Wee are

We Send y^{o}: a muster of Neckcloths half a peice y^{e}: 5: neckcloths ordinary provided by our Merch^{ts}: here at 37 pagodo but Beteelas being cheaper wth: you, your Merch^{ts}: will probably provide them Cheaper & finer they may make half red Stripes & half white stripes or all white stripes if they cannott make red Stripes.

R^T^ : Hon^BLE^ : English East India Comp^A^ : in Bengall.

N^o^ : 129. Our last was 2^d^ : & 12^th^ : Ins^t^ : Copy whereof comes Inclosed. On y^e^ : 20^th^ : Ins^t^ : wee rec^d^ : y^e^ : R^t^ : Hon^ble^ : Comp^as^ : Pacquett from Ship London friggatt from Trincombarr (where She is Still detained by Contrary winds) wherein wee find a Copy of y^e^ : R^t^ : Hon^ble^ : Comp^as^ : gen^ll^ : Lr̃e to Bengall dat: 3^d^ : Jan^ry^ : last copy whereof wee now Send you.

The R^t^ : Hon^ble^ : Comp^a^ : having added a Postscript in their generall to us dat : y^e^ : 3 : Jan^ry^ : last by London friggatt w^ch^ : wee do not find in their generall Lr̃e to Bengall but Suppose you are equally concerned to observe their order therein wee therefore Send to : y^o^ : Copy thereof Viz^t^ :

Wee having given our personall obligation to their Maj^tys^ : to export this Season to y^e^ : value of one hundred & fifty thousand pounds in goods of y^e^ : growth product and manufacture of this Kingdome wee do hereby require you to Send us two Certificates under yo^r^ : hands one by each of our first returning Ships of y^e^ : Contents, number & quality of y^e^ : goods you Shall receive from us by this Shipping whereof lett there be no failure.

In y^e^ : 12^th^ : paragraph of their generall Lr̃e to Bengall you are advised of an agreem^t^ : w^th^ : y^e^ : principall Interlopers concerned in y^e^ : two Interloping Ships but in a Postscript of a generall Lr̃e to us dat : 2 : Feb^ry^ : 1693 they give more particular directions which y^o^ are to observe Viz^t^ :

The Concern in y^e^ : two Ships Sent out by y^e^ : Interlopers called y^e^ : Edward Cap^t^ : Will^m^ : Gifford Command^r^ : and y^e^ : Henry Cap^t^ : Hudson Comd^r^ : being now by bargain with most of y^e^ : Interessed become So farr our owne wee have thought good to give y^o^ : notice thereof, to y^e^ : end that whatever remains of their Cargoe or may yet be left on Shoar may be carefully looked after befriended & Sent home unto y^e^ : Joynt interessed w^th^ : whom wee have a good understanding here.

The R^t^ : Hon^ble^ : Comp^a^ : having in their 30 paragraph in their generall Lr̃e to us dat : y^e^ : 3 : Feb^ry^ : 1693/4 Confirmed y^e^ : order of their gen^ll^ : Lr̃e y^e^ : 10^th^ : Aprill 1693 by Ships Royall James & Mary &c^a^ : which Letter doth appoint y^e^ : Continuation of y^e^ : ℔missive trade for y^e^ : Ships Royall James & Mary Princess Ann of Denmark Armenian Merch^t^ : & Hawk w^ch^ : order not being particularly reversed it is our opinion y^t^ : y^e^ : permissive trade ought to be Continued upon those ships tho' wee do not find any reason to think y^t^ : it is Continued to y^e^ : Martha &c^a^ : Ships now come out, it therefore concerns those to whom y^e^ : Permissive Consignment[s] are made to finish y^t^ : business by those ships y^t^ : y^e^ : Interressed may not be disappointed or Suffer for want of returns.

Wee know not w^tt^ : Stock y^e^ : Martha & Success will bring you nor w^tt^ : Sorts or quantity of goods you are ordered to provide & therefore must referr y^o^ : wholly to y^e^ : R^t^ : Hon^ble^ : Comp^as^ : ord^rs^ : therein.

In y^e^: 7: Paragraph of y^e^: Generall to Bengall dated 3: Jan^ry^: you are ordered to Sell all y^e^: Comp^as^: Ships & Sloops except two for y^e^: river or to Send them hither with Saltpetre but wee take it for granted that you will Send to us all yo^r^; spare Saltpetre by y^e^: Princess Martha & Success & therefore there will be no occasion to Send another Ship to us to bring Saltpetre but y^e^: necessity of Sending provisions to Yorke Fort remains & therefore if y^o^: have any Vessell to be Sold lett her be Sent thither with provisions as formerly directed under orders to be dispatched from thence to this imediately with what they have ready to put on board, if y^o^: have not a vessell to Sell & can spare one of y^e^: two from y^e^: necessary Service of y^e^: Europe Ships lett her proceed to York Fort with provision[s] under orders for returning imediately to you with what pepper they can Spare w^ch^: voyage may probably be performed in 3 months time if She be dispatched in Feb^ry^; from Bengall but if y^o^: cannott Send a Ship or vessell of y^e^: Comp^as^: hire some small Country vessell on freight & Send her thither w^th^: Provisions w^ch^: are So very dear & Scarce y^t^: wee cannott Supply them from hence & therefore wee depend upon you for it, & having no Stores sent us by these Ships you must also Supply them with y^e^: particulars mentioned in y^e^: Inclosed List. Paper quills &c^a^: Match 4: Candy.

In y^e^: 8: paragraph of y^e^: Said generall L^re^ you are ordered to dispatch y^e^: Martha or Success with Saltpetre or w^tt^: goods ready which order Seems to be grounded upon a Supposition Viz^t^: That y^e^: Royall James & Mary &c^a^: last yeares Ships would have been dispatch'd before y^e^: arrivall of this yeares Shipping & y^t^: these ships would have arrived Sooner y^n^: they did both w^ch^: proving otherwise wee See no reason why y^o^: may not comply with y^e^: order of our L^re^ for dispatching to us y^e^: Martha or Success or both to us w^th^: Saltpetre & provisions.

Wee observe y^t^: y^e^: R^t^: Hon^ble^: Comp^a^: had appointed M^r^: Ellis to Succeed Agent Charnock but in y^e^: fourteenth paragraph their Hon^rs^: do in Generall Confirm all y^e^: alterations ord^rs^: made in Bengall by y^e^: late Comissary Generall & particularly y^e^: alterations he made in making M^r^: Eyres Agent in y^e^: room of M^r^: Ellis there is therefore no reason to question M^r^: Eyres continuing Agent.

Wee find in y^e^: 18: paragraph y^t^: M^r^: Beard is to Succeed in y^e^: Agency & M^r^: Braddyll to be of Councill & in y^e^: 2^d^: paragraph it is left to the Agent to add another person or two to y^e^: Coun^ll^: of Bengall as he shall think best & to Communicate Cheif & Councill w^ch^: tho' it was writt literally of M^r^: Ellis yet wee understand it to be by y^e^: gen^ll^: reason of y^e^: order to extend to Agent Eyres equally having no reason to doubt his prudence or fidelity. Wee therefore leave it to him to continue or dismiss M^r^: Cormell from being of Councill if he dos not think him fitt for y^t^: Station; but in case of his removall wee desire to know y^e^: reasons.

By y^e^: Generall L^res^ to Fort S^t^: George & Bengall you will expect to be Supplyed with Sundry things whereof have none but red lead & of y^t^: can Send you near two tunns by y^e^: next opportunity. Wee can Spare no Europe iron or brimstone having but litle in Store & none Sent us, wee have no Europe Vermilion quicksilver or allom wee Suppose y^e^: China ships will bring quicksilver & allom. The quicksilver will be above 60: Pag^s^: ℔ Pecull. The China Allom about 8 pag^s^: ℔ Candy advise us y^e^: Bengall prices & yo^r^: occasions for them & wee will Supply you accordingly, but wee expect no vermilion from China because it hath formerly proved not fitt for y^e^: markett of Bengall. The R^t^: Hon^ble^: Comp^a^: hath given us orders for coining rupees for Bengall, whereof wee hope to have Some coined to returne to you by yo^r^: Bengall ship in y^e^: beginning of y^e^: Southerly Monsoon More than will repay for w^tt^: you shall disburse for provisions &c^a^: for y^e^: Fort, in y^e^: mean time give us yo^r^: opinions concerning their passing there was Some Sent to Bengall for a triall in Agent Charnock's time & these Peons bring y^o^: 20 which will be enough for y^e^: Bannyans to make a triall of their weight & fineness they are approved here by y^e^: Shroffs who have made nice trialls of them & they have hitherto passed at y^e^: Same rate & as Currantly as Surratt new rupees if

there has been a triall made of those Sent formerly Let another triall however be made of these now Sent.

The Rt: Hon^ble: Comp^a: having in their 58th: Paragraph of their Gen^ll: Lre of y^e: 3d: Jan^ry: ordered a large quantity of Cotton yearn be provided in Bengall y^t: it may be ready for y^e: filling up of Ships as occasion requires wee apprehend there will be occasion for at least 100 tunns.

Wee need not add any thing to y^o: concerning Ships going to Cangee but will Send y^o: y^e: 52 paragraph of their Gen^ll: to us relating to Country Ships touching att Rutterah in their passage to Surratt or y^e: Coast of Mallabar for y^e: Incouragem^t: and Countenance of y^e: Settlement.

Wee have a large quantity of Europe cloth & Lead Sent us by this Ship w^ch: w^th: y^e: remaines is more than wee can expect to vend in a year's time & probably y^e: Martha and Success will bring y^o: more than yo^r: p^sent markett will take off but for y^e: aforementioned reason you must not Send us any of it till wee give you further advice unless you have more fine broad cloth y^n: you can dispose of, whereof you may Send us 20: or 30: bales with w^tt: you can Spare of those things sent y^o: by y^e: R^t: Hon^ble: Comp^a: for presents. On y^{e} : 5 : Ins^{t} : wee rec^{d} : yo^{rs} : of 10th : & 29th : Nov^{r} : ℔ Brigantine Acheeen Merch^{t} : w^{ch} : gives us y^{e} : sad Acco^{t} : of y^{e} : unfortunate loss of Ship Royall James & Mary in y^{e} : river concerning which wee have not yet rec^{d} : any advice from Cap^{t} : Bucke. Wee doubt not but you will do y^{e} : Owners & Command^{rs} : right in reprehending all circumstances treaty to y^{e} : R^{t} : Hon^{ble} : Company. N^{o} : 132.

Tho' y^{o} : write y^{t} : y^{o} : intend to Send y^{e} : Princess to us directly & y^{e} : Mary Bowyer afterwards with rice to Vizagapatam & from thence to proceed hither with y^{e} : Vizagapatam bales Yet wee depend upon you for Sending one of y^{e} : R^{t} : Hon^{ble} : Comp^{a} : or a hired vessell to Bencoolen with provisions y^{e} : rather because y^{e} : Hawk did not proceed thither.

Wee observe yo^{r} : withdrawing the upp^{r} : factorys & his Exc^{y} : having given y^{o} : his directions in his Lr̃e of 10th : July wee need not add any thing upon that Subject.

Wee are glad y^{o} : can dispose of Lead at So good a rate as rup^{s} : 6 : ¼ ℔ Maund to 6 : ½ wee Suppose you have Some Lead & broadcloth Sent you by y^{e} : Martha & Success but wee know not how much, wee have more of each y^{n} : wee can Sell in a year, Tho wee Should abate Considerably of our former prices. If yo^{r} : Markett will take of more than you shall receive advise us & wee can Supply you with 1000, or 2000 Maund of Lead & 100 bales of broadcloth, Cloth rashes, & Perpetuanos wee think y^{e} : price here will be but 10 : Pag^{s} ℔ Candy for Lead, broadcloth ordinary 23 : Pag^{s} : ℔ half p^{s} : Cloth rashes 17 : Perpetuanos fine 14 : ord^{r} : 8 : ½ Pag^{s} : So y^{t} : if y^{o} : can Sell them at any profitt wee will Send you

as much as you shall advise by y^e^: Southerly Monsoon w^ch^: wee desire y^o^: to Consider well of, because it is probable wee Shall not be able to invest our whole stock upon y^e^: Coast, by reason of y^e^: gen^ll^: Scarcity & dearness of provisions in w^ch^: case wee must either Send y^e^: overplus to y^o^: or lett it lye dead.

Inclosed is our opinion concerning y^e^: division of y^e^: Comission on private consignments.

If y^o^: shall be in a readiness to dispatch one or both of y^e^: two ships (Martha and Success) together with y^e^: Hawk it will be a good Service to y^e^: R^t^: Hon^ble^: Comp^a^: but if y^o^: can lade but one lett y^e^: other come up hither laden with y^e^: grain provided for y^e^: Princess.

Wee have nothing to add at present daily expecting y^e^: arrivall of y^e^: Princess & y^t^: yo^r^: advice by her will give us occasion for a further answer to Some particulars w^ch^: wee observe but know not what to direct especially relating to Muttradas, concerning whom wee begin to fear y^t^: y^e^: late Agent Charnocks judgement was grounded on good reasons. To Y^E: Worp^ll: W^m: Hatsell Esq^R:
Dep^ty: Gov^R: & Councill att Fort S^t: David.

Our Last was 21: past Since w^ch: wee have rec^d: yo^rs: of 22: & 26: past & 3: Ins^t: by w^ch: we are Sorry to understand y^t: yo^r: Merch^ts: are So unwilling to Contract for Calicoes & to take off Europe goods our whole Coast Stock Consists in Silver Cloth & Lead wee must Send Considerable part of y^e: Silver to Bengall & must find out Some way or other to Convert y^e: rest into Calicoes to Lade y^e: Ships home but this cannott be done unless wee can sell our goods for money or for Callicoes wee do not expect to Sell any at Vizagapatam & are well assured wee cannot Sell it all here therefore you must take off a part or you ca n make no Considerable Investm^t: for wee cannot furnish you with money enough. This is y^e: plain State of y^e: Case & doth at once answer y^e: arguments w^ch: y^o: propound for y^e: R^t: Hon^ble: Comp^as: keeping y^e: cloth & Lead in their owne hands. That method is y^e: best for y^e: disposeall of Europe goods & is agreeable to former practice when there was Stock enough in money to carry on y^e: Investm^t: but our Stock is all in Europe goods & if wee sell them off only as chapmen Offer we shall not be able to Invest one quarter part in a years time, we must Consider y^e: Carrying on our Investment as well as y^e: disposall of our Europe goods, & therefore if y^e: Merch^ts: will not take them off upon Contracts, wee must Sell them as well as we can & as Soon as wee can w^ch: will be Some time before we shall be in a Capacity of entring upon large Investm^ts: in y^e: mean time you & wee must endeavour to gett as many goods as wee can upon y^e: Contracts & terms already made to Secure a lading for y^e: Armenian Merch^t: & if it be possible to Send home y^e: London friggatt w^th: her, w^ch: wee doubt not to effect if y^o: can furnish us w^th: 200 or 300 bales in Feb^ry: & if the Princess shall not require more for filling her up then wee Suppose, by our last advices from Bengall. No: 135.

Wee Send you a Copy of y^e: List rec^ed: from y^e: R^t: Hon^ble: Comp^a: of Coast goods to be provided. Y^or: Merch^ts: being So unwilling to make Contracts it would be in vain for us to ascertain y^e: Sorts & quantitys to be provided by them, but y^e: list will direct yo^r: treaty with them & advise us yo^r: proceedings therein. There is 20,000 Dungarees ordered whereof we shall provide some here & have directed some to be provided at Vizagapatam. They have been formerly made att Cuddalore. There are also 10000 Beteelas ordered whereof P^t: must be provided here & P^t: at Vizagapatam So y^t: there will not remaine above 3: or 4000 p^s: to be provided by yo^r: Merch^ts: & 2 or 3000 p^s: of neckcloths.

There was formerly Some fine paintings made at or near Trincomalay w^ch^: is Something nearer to you than to us, If you can do any thing towards y^e^: procuring or making the Sorts ordered, advise us, our water is not good for fine painting & y^e^: Painters cannot make fine lively & durable colours.

Wee have musters of most of y^e^: goods mentioned in y^e^: list & will Send you them as you advise.

M^r^: Lewis parted hence on 11: Ins^t^: for yo^r^: factory to returne after Xtmas.

The London friggatt is in sight tho not Come into y^e^: road being detained by Contrary winds.

M^r^: Nicholas & M^r^: Langley may Stay with you if y^o^: have occasion for y^m^:

Wee Shall Send y^o^ by y^e^: first opportunity w^tt^: you have writt for except Iron & Tarr whereof wee have none to Spare from y^e^: necessary use of y^e^: garrison & y^e^: R^t^: Hon^ble^: Comp^a^: have Sent us no Stores by this Ship.

We Shall pay yo^r^: bills Pag^s^: 350: & Pag^s^: 300: when demanded by M^r^: Alvarez & M^r^: Stone. Wee are

N°: 136. The L^re^: y^t^: you Sent I rec^d^: & by it understand everything at Large when you went from hence with y^e^: Cowle I ordered & advised you then what was fitt to be done & if you do Comply w^th^: our Cowle then all things will be to Satisfaction & faile not to Comply & follow y^e^: meaning of our Cowle. The Peon is paid his half Pag^e^:

DEC^R^: Y^E^: 31: 1694.

N°: 137. We rec^d^: yo^rs^: of 20^th^: Ins^t^: & have added one hundred pagodos to M^r^: Constable's Acco^t^: as you advise herewith wee Send you a muster of Dungarees.

We Shall Send y^e^: London friggatt to you as Soon as she is unladen with what goods and necessary's you formerly writt for, upon receipt hereof Send us a List of all you want being a good opportunity wee shall then Send y^o^: more Europe cloth then you write for. As wee advised you before y^or^: factory must dispose of y^or^: Share as well as you can, wee have abated three or four pagodos in a peice of broad cloth ordinary & cannott expect but you must abate also.

Upon y^e^: prospect you give of procuring two hundred bales wee resolve to dispatch y^e^: London friggatt along with y^e^: Armenian Merch^t^:

We leave it to you to pay your Merch^ts^: y^e^: ballance of their Acco^t^: as y^o^: find it necessary for y^e^: Company's Service.

If you can employ yo^r^: painters in making of Chints for Europe tho' they be ordinary at first yet by degrees they will fall into y^e^: way of making of them better. Wee are
